For admission to the Higher Agricultural Class, an applicant must have one of the following qualifications:—

- (ii) He must have passed the B.A. Examination of the Calcutta University by the B. course, or possess other sufficient educational qualifications; be under 23 years of age, and, in addition, have received a nomination from the Bengal Government.
- (iii) He must have had a general education qualifying him to follow the instruction in the Higher Agricultural Class, and must also receive a nomination from Government for admission as a special student. To be eligible for a nomination under this rule, a candidate must either have landed property of his own, or be recommended by some influential landholder who desires to train him to take part in the management of his estate, or he must otherwise satisfy Government that he intends to make practical use of his agricultural training. Students entering under this rule will be termed Special Agricultural students. They will not be subject to any maximum limit of age, but will not be entitled to the privileges conferred on passed students under rules 12 and 13, even though they should obtain fully-signed diplomas in due course after passing the necessary examinations.

Every candidate for admission to this Department must apply in writing to the Principal not later than the 14th July. The form of application for a nomination, which must be addressed to the Principal, is given in Appendix B. In the event of the form not being properly filled up and accompanied by the necessary certificates, no notice will be taken of the application.

The number to be nominated each year will depend on the accommodation available.

Every applicant, not already a student of the College, must undergo a medical examination by the College Surgeon before admission to this Department. If this officer's report is unsatisfactory, the applicant will not be admitted.

The session begins on the first Monday in November. All students are required to join the College on that day. Any student prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No student will be admitted or re-admitted to the College after the month of November, except by special orders of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

COURSE OF INSTRUCTION.

The course of instruction in the Higher Agricultural Class will extend over two academic years.

The right of selection for these appointments will rest with Government, and the students who gained the highest marks at the examination for diplomas will not necessarily be selected.

Each student in the Higher Agricultural Department will be required to pay an admission fee of Rs. 10.

F.E.'s who elect to join the Agricultural Department immediately after passing the F.E. Examination are exempted from the payment of this fee, as their names are already borne on the College books.

For the present no tuition fees will be charged to students in the Agricultural Department, except in the case of those joining as special students under rule 3 (iii). The tuition fees for these students will be Rs. 8 a month.

Existing rules.

5. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be received either at the Subdivisional or Sectional Canal office: in the latter case, the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer.

The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the zilladar in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

6. The zilladar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

9. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry,

Proposed rules.

5. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented at any time; but if presented after the 1st of April in the year during which the lease is to commence, an additional charge of 1 piece per *goont* of local measure, equivalent to 6 annas 3 piees per *man*, will be made for the year following that in which the lease has been applied for.

The Subdivisional Canal Officer shall, at a date not less than three months and not more than six months before the expiry of a lease for a term of years, send a notice in writing to the representative of the cultivators informing him of the fact. Such notice shall request that early intimation may be sent if it is desired to renew the lease, and shall draw attention to the extra charge which will be incurred if the application is presented after the 1st of April.

The preliminary application may be presented either at the Subdivisional or Sectional Canal office. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the zilladar in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

6. The zilladar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

The amin shall write out daily in the form provided for the purpose abstracts for each cultivator of the entries in the khasra relating to lands in his occupation and shall deliver such abstracts, to the representative for distribution.

9. On the 1st December of each year, or on any subsequent date, the Divisional Canal Officer may decline to proceed with a lease for a term of years the application for which has not been fully signed by that date. Provided that the form of application shall have been

recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatories shall be those of the leading cultivators in the block in question, and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules, and shall at once supply water.

47. The chukidar of the village or such other representative as, with the consent of a majority of the lessees and with the approval of the Subdivisional Canal Officer, may be appointed for the purpose by the Deputy Collector, or other officer in charge of the Revenue Division, in consideration of his giving assistance in the matters noted below, shall be entitled to free irrigation of lands in his own occupation which may be within the boundaries of a block leased for a term of years, or to which water is supplied under a season lease other than a special lease for *dahra* rice provided for in rule 19, subject to a limit of 3 per cent. on the total area assessed:—

- (i) In assisting the amin while preparing the assessment papers for land, which it is proposed to lease for a term of years, or for lands which have been irrigated under season leases.
- (ii) In procuring and attesting the signatures to the applications for long leases or for season leases for rice.

tendered to the cultivators through their representative for signature after the adjustment of any matters in dispute with regard to classification or area of land not less than 15 days before the 1st December or subsequent date. Any provisional lease covering the same lands on which a supply of water may have been granted pending the completion of the lease for a term of years shall then become the substantive lease for the season and shall be put in force.

9A. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules, and shall at once supply water.

47. The *chaukidar* of the village or such other representative as, with the consent of a majority of the lessees and with the approval of the Subdivisional Canal Officer, may be appointed for the purpose by the Deputy Collector, or other officer in charge of the Revenue Division, in consideration of his giving assistance in the matters noted below, shall be entitled to free irrigation of lands in his own occupation which may be within the boundaries of a block leased for a term of years, or to which water is supplied under a season lease other than a special lease for *dalwa* rice provided for in rule 19, subject to a limit of 3 per cent. on the total area assessed:—

- (i) In assisting the *amin* while preparing the assessment papers for land, which it is proposed to lease for a term of years, or for lands which have been irrigated under season leases.

tendered to the cultivators through their representative for signature after the adjustment of any matters in dispute with regard to classification or area of land not less than 15 days before the 1st December or subsequent date. Any provisional lease covering the same lands on which a supply of water may have been granted pending the completion of the lease for a term of years shall then become the substantive lease for the season and shall be put in force.

9A. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the *zilladar* shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules, and shall at once supply water.

47. Before any lease other than a special lease for *dalwa* rice provided for in rule 19 is entered into, the Deputy Collector or other officer in charge of the Revenue Division shall select as representative of the cultivators a person or persons who must have a direct interest in the land covered by the lease. The selection shall be made with the consent of a majority of the cultivators having an interest in the lease, and in consultation with the Subdivisional Canal Officer. The person or persons so selected shall continue as representative for the village unless he or they resign the office, or unless the Deputy Collector or other officer in charge of the Revenue Division shall, for reasons recorded in writing, remove him or them from the office.

47A. The person or persons so selected are required to give assistance in respect of the following matters:—

- (1) To assist the *amin* while preparing the assessment papers.
- (2) To assist in procuring and to attest the signatures to applications for leases.

Existing rules.

- (iii) In receiving the individual notices of amounts assessed, and in distributing them to the persons concerned.
- (iv) In attending when required at enquiries into complaints.
- (v) In giving information to the Subdivisional or sectional officers regarding any insufficiency of the supply of water or of any misuse of the supply of water.
- (vi) In giving information to the zilladar with respect to alterations in the occupancy of lands under lease for a term of years.
- (vii) In assisting the tahsildar in collecting the rates.

48. The chaukidar or other representative shall only be entitled to the free irrigation if he renders the assistance required to the best of his ability. It shall be within the discretion of the Deputy Collector or other officer in charge of the Revenue Division to disallow the free irrigation and to recover the rates from the chaukidar or other representative for reasons duly recorded in writing.

Proposed rules.

- (3) To receive and to distribute to the persons concerned the individual notices of amounts charged.
- (4) To attend and to assist at enquiries into complaints.
- (5) To give information to the Subdivisional Officer or to the Sectional Officer of any insufficiency in the supply of water or of any misuse of the water.
- (6) To give information to the zilladar with respect to alterations in the occupancy of lands under a lease for a term of years.
- (7) To assist the tahsildar in collecting the rates.

48. For such assistance the representative or representatives shall be entitled to the free irrigation of lands in his or in their own occupation which may lie within the lands covered by the lease, subject to a total limit of 3 per cent. of the area assessed.

The Deputy Collector or other officer in charge of the Revenue Division may, for reasons recorded in writing, disallow in whole or part such free irrigation, and may recover the rates which would otherwise have been charged, if the assistance required by rule 47A has not been rendered to the best of the ability of the representative or representatives.

No. 93, dated Simla, the 18th July 1905.

From—H. A. STUART, Esq., C.S.I., Offg. Secy. to the Govt. of India, Home Dept.,
To—The Secretary to the Government of Bengal, Municipal Department.

I AM directed to address you on the action to be taken at the present stage of the discussion on the Calcutta Improvement Scheme.

2. This project was the outcome of a sanitary survey of the town conducted in 1896 by a number of medical officers under the direction of the local Plague Commission. Their enquiries called prominent attention to the overcrowding of the northern portion of the town. It was pointed out that in one ward the population amounted to 145,000 per square mile as against 36,000 in the city of London; and it was calculated that, in the northern wards generally, 80 per cent. of the total space available was occupied by solid masonry buildings. The Building Commission appointed in 1897 accepted the views of the Sanitary officers, and emphasized the fact that the only remedy lay in extensive structural alterations involving the opening up of new roads and the provision of open spaces. Acting upon their report, the Lieutenant-Governor in July 1899 submitted his first proposals for a scheme of urban improvement.

3. The question has since been continuously under consideration. The difficulty throughout has been to devise a system of finance which would involve neither an excessive addition to local burdens nor an undue transference of these burdens to the general taxpayer. The first suggestion of the Local Government was to find the whole of the net income required, after allowing for recoupment and frontage rates from a tax on consumers of jute. The scheme as now formulated includes a tax on jute, but it is only one item in a programme of special taxation designed to reach every section of the urban population. A substantial contribution is now promised by the Government of India, who further undertake to guarantee the loans to be raised by the Improvement Trust; and the Corporation is to be called upon to contribute certain definite sums, and also to accept a general responsibility for the solvency of the Trust. The extent of the operations contemplated has also been greatly enlarged, the gross capital expenditure being now estimated at nearly 8½ crores of rupees as against 5 crores in 1899. The necessity for this additional outlay arises from the inclusion of expenditure for open spaces as well as for roads, and from the recognition of the fact that if the work of the Trust is to be permanently effective the persons displaced by these operations must be accommodated elsewhere, while provision must also be made for the normal expansion of the town.

4. The scheme in its present form is mainly the work of a conference convened by the Lieutenant-Governor in 1904. On this conference the Government of India were represented by the Secretaries in the Home and Finance Departments, both of whom were then Bengal officers; the Local Government by the Lieutenant-Governor, who presided, and by his Financial Secretary; the Corporation by its Chairman, Mr. Greer, and three non-official members, one of whom, the Hon'ble Mr. E. Cable, was at that time President of the Chamber of Commerce, the others being the Hon'ble Dr. Ashutosh Mukhopadhyaya and Mr. Nalin Bihari Sircar, C.I.E. Three of the members had also been members of the Building Commission already mentioned. The conference was thus representative of the interests of the different classes of rate-payers and also of commerce; and included the best expert knowledge obtainable on questions of urban improvement and local finance.

5. It has been found necessary to suggest alternative forms of taxation in view of the probable abandonment of the scheme of succession duties proposed by the conference; and to provide for the possibility that the railway terminal tax approved by the conference may prove on further examination to be impracticable. To this extent its proposals have been modified or supplemented and new elements have been introduced which call for further examination by the Local Government and its advisers; but the main outlines remain unchanged.

The conditions of the case have involved throughout these earlier stages a reticence as to their intentions which both the Government of India and the Local Government would have been glad to avoid. And though they have meanwhile obtained such help as was possible from local knowledge and non-official advice they are impressed with the importance of submitting the scheme to a wider circle of criticism. They think that the time has now come when nothing further can be gained from confidential discussion, and that the whole scheme should be laid before the Corporation, and other representative bodies and the public generally, for examination and opinion. To assist the authorities consulted they have caused a detailed abstract of the measures suggested to be prepared in the memorandum which forms an enclosure to this letter. They desire to add that the scheme is to be regarded as provisional, and they will welcome any criticism, whether on the administrative or the financial aspect of the proposals, which may be designed to secure increased efficiency or a more satisfactory distribution of the burdens and sacrifices which the scheme involves.

6. I am now to request that, with the consent of His Honour the Lieutenant-Governor, the various public bodies concerned may be consulted on these proposals and that this letter and its enclosure may be published for general information. I am also to ask that the unsettled questions or points of detail mentioned in paragraphs 13, 16 and 19-21 of the memorandum may be further examined in the light of the remarks there made, and that the report of the Lieutenant-Governor on these matters, together with his final recommendations, may be communicated to the Government of India after he has had an opportunity of considering the opinions of the representative bodies whom it is proposed to consult.

CALCUTTA IMPROVEMENT SCHEME: ANALYSIS OF PROPOSALS.

ADMINISTRATION.

Agency to be employed.

The improvements will be carried out by a Trust constituted by an Act of the Lieutenant-Governor's Legislative Council.

Constitution of Trust.

2. The Trust will consist of a President and six Trustees, all appointed by the Government. The Chairman of the Corporation will be a Trustee *ex-officio*; two Trustees will be Municipal Commissioners, and one will be a member of the Chamber of Commerce.

Operations of Trust.

3. The primary functions of the Trust will be—

- (1) To construct new roads and improve existing roads.
- (2) To provide open spaces.
- (3) To provide accommodation for persons displaced by the foregoing operations, and also for the probable normal growth of population for a generation.
- (4) To control, by means of building regulations, areas in the neighbourhood of those which have been acquired.

[*Note.*—(i) For the remodelling of the Calcutta *bastis* the Corporation will remain responsible, and this work will not be undertaken by the Trust except indirectly where it acquires land in a *basti* for the alignment of a new road or the provision of open spaces.

(ii) It is contemplated that the Trust should as far as possible limit itself to providing land for sites and not itself undertake the erection of dwelling houses.]

4. The Trust will also—

- (1) Furnish the areas acquired with municipal conveniences, such as water, lighting and communications.
- (2) Enforce sanitary conditions by requiring structural alterations of individual houses upon the motion of the General Committee of the Corporation followed by an order from a Magistrate.
- (3) Acquire surplus lands, with a view to recoupment by their subsequent sale or lease.

Duration of Trust.

5. The Trust will be wound up and its assets and liabilities transferred to the Corporation as soon as the scheme of work is completed.

Methods and Scope.

- G. (1) No detailed scheme will be prepared beforehand, as such a scheme would only be provisional and would facilitate fictitious claims.
- (2) The general working plan will be—
- (a) as regards roads, to traverse the area selected for operations by a system of roads 60 feet wide, some running north and south and others running east and west, with diagonal connections;
 - (b) as regards provision of open spaces, to acquire for this purpose areas of which a larger proportion than one-third is covered by buildings, and to remove buildings to such extent as may be necessary to reduce the proportion to not less than one-third. The unit to be dealt with will be about 40 acres;
 - (c) as regards acquisition of land for expansion, to select strips of land in the directions of probable expansion, as far as practicable, within the municipal limits of Calcutta, and otherwise in the adjacent suburban municipalities.
- (3) The amount of work to be done is indicated by the following provisional and tentative figures:—
- (a) roads to be constructed—15 miles;
 - (b) open spaces to be acquired at a probable cost, as mentioned below, of 172 lakhs of rupees;
 - (c) land to be acquired for expansion—2,000 acres, an area estimated to provide for a surplus population of 200,000 or more.

[*Note.*—If inadequacy of funds should necessitate the reduction of this programme, it is contemplated that operations under head (b) would probably be selected for curtailment.]

- (4) Rate of progress.—These operations will take the form of separate schemes, each requiring the sanction of Government, which will be given with due regard to the actual and prospective assets of the Trust as determined by the experience gained up to the time at which each separate scheme is submitted. If receipts do not come up to anticipations the programme must be correspondingly curtailed. Otherwise it is expected to be completed in 20 years.

FINANCE.*Capital and loan transactions.*

7. These are indicated in the following account:—

<i>Charges.</i>		<i>Receipts.</i>	
	Rs. lakhs.		Rs. lakhs.
On roads ...	500	Recoupment and recoveries from frontage owners.	336
On open spaces ...	172	Government grant ...	50
On land for expansion ...	100	Loans ...	436
On improvement of this land ...	50		
Total ...	822	Total ...	822

8. *Explanations.*—

- (i) The estimated expenditure on roads (Rs. 33 lakhs per mile) is based on the actual results obtained in the case of Harrison Road.
- (ii) The sum allotted for open spaces represents the amount which it is hoped may be available after providing for an adequate scheme of road construction, rehousing and expansion, and subject to the limitation of aggregate expenditure to a sum within the resources of the town.
- (iii) The estimate for acquisition of land (Rs. 5,000 per acre) was adopted after enquiry as to the value of land in selected areas.
- (iv) The estimate for improvement includes the provision of municipal conveniences [vide paragraph 4 (1) above].

- (v) The item of Rs. 330 lakhs on the receipt side represents half of the anticipated expenditure on roads and open spaces (Rs. 500 + 172 lakhs). It is contemplated that the Trust should either (a) recoup itself by taking up excess land and re-selling it at the higher price to be expected for land brought into proximity with a new thoroughfare; or (b) that it should follow the methods of the Russian Street Alignment Law, which dispenses with the procedure of acquisition and resale of excess land, and authorizes the recovery of a maximum of half the cost incurred in providing a new road directly from the owners of land adjacent to it. It is claimed for the latter alternative that it tends to eliminate the speculative element and also enforces the principle that a new street benefits the adjacent owner specially as well as the community generally. It is not necessary that the same method should be adopted throughout the city.

[*Note.*—As stated in paragraph 4 (3) above, it will be open to the Trust to lease the excess lands instead of reselling them where the latter course is less advantageous. But for purposes of calculation it is convenient to treat recoupment operations entirely under capital account.]

- (vi) The Government grant of Rs. 50 lakhs has been approved by the Secretary of State, and takes the place in the Calcutta scheme of the substantial assistance given to the Bombay Improvement Trust by the grant of vacant Government lands and reclamation rights.
- (vii) The loans will be repayable in 60 years and will be guaranteed by the Government of India. This guarantee will be given subject to certain conditions regarding the contributions to be paid by the Corporation and its ultimate financial responsibility for the Trust which are explained in paragraph 11 below.

Revenue Account.

9. The revenue account broadly indicated in the following statement:—

Expenditure.	(Omitting 000).	Revenue.	(Omitting 000).
	Rs.		Rs.
Annual charge for interest and sinking fund.	20,35	Return from land taken up for housing and expansion.	3,00
Cost of management ...	1,00	Contributions and taxation ...	18,35
Total ...	21,35	Total ...	21,35

Explanations.

10. (i) The estimate for interest and sinking fund is based on the assumptions that the loans are floated at 4 per cent. and that the sinking fund is invested at an average rate of 2½ per cent.

(ii) The item "Cost of management" includes *inter alia* the President's salary which the Conference proposed to place at a maximum of Rs. 3,000 per mensem, supplemented if the Local Government thinks fit, by a house allowance not exceeding Rs. 500 per mensem.

(iii) The estimate of "Return from land" is based on an assumed return of 2 per cent. on the total cost (Rs. 100 + 50 lakhs) of acquiring and improving land for housing and expansion. It will be open to the Trust to re-sell the land acquired instead of leasing it. (Cf. the converse case of recoupment by leases instead of re-sale).

(iv) The income from "Contributions and taxation" will be made up of (1) Contributions paid by the Corporation, and (2) Special taxation. The general principles under which it is proposed to distribute the burdens involved are (a) that an appreciable share of the immediate financial burdens, and complete financial responsibility in the event of default on the part of the Trust, must devolve upon the Corporation; (b) that the improvement scheme will not to any important extent relieve the Corporation of its ordinary expenditure on the provision of municipal requirements, it must be financed in a large measure by special taxation; and (c) that the burden of taxation should be distributed as evenly as possible among the different classes benefited.

Contributions by Corporation.

11. The Corporation may contribute to the revenues of the Trust (a) from the normal growth of municipal revenues; (b) by the allocation to the Trust of revenue set free from taxes; and (c) from new taxation.

As regards (a), it is proposed that the Corporation should undertake to contribute 1½ per cent. on the rateable value of lands and buildings (estimated yield Rs. 3,60,000).

As regards (b) two alternative proposals have been considered by the Government of India.

The first is that the following amounts which become available by the liquidation of loans on the dates mentioned against each should be diverted to the purposes of the Trust. The second is that the first item only should be so diverted :—

(i)	Rs. 4,64,000	available on	31st December 1908.
(ii)	" 45,500	"	1st August 1908.
(iii)	" 65,920	"	1st May 1909.
(iv)	" 1,26,890	"	1st December 1910.
(v)	" 1,60,000	"	1st December 1911.
Total	...	"	8,62,310

For the reasons indicated under clause (iv) (b) of paragraph 10 the Government of India prefer the second proposal.

As regards (c), there has been much discussion. The consolidated rate is now assessed at 19½ per cent. on rateable value; the present legal maximum is 23 per cent. It has been represented that the margin between present and maximum rates must be regarded as hypothecated to drainage and water works schemes already contemplated. The Government of India are disposed to agree that the rates should not be made the mainstay of the improvement scheme, and with the possible exception* to be explained below they do not propose to call for any immediate addition to the rates now levied or for any increase in the legal maximum.

As regards (d) the Government of India are disposed to question whether the Corporation can meet the first of these demands (the 1½ per cent. contribution) as well as set aside so large a sum (Rs. 4,64,000) from loan payments unless new sources of revenue are placed at its disposal. They think it preferable, however, subject to the exception* already referred to, that the additional resources should be obtained from new taxation rather than from an addition to the consolidated rate. They accordingly propose that taxes should be imposed on petroleum† and also upon transfers‡ of immoveable property. The proceeds of these taxes will be credited to the Corporation.

The payment of the municipal contribution of 1½ per cent. on rateable value will also be secured in the manner provided in section† 72 of the City of Bombay Improvement Act, 1898.

Further, in the event of default on the part of the Trust in respect of loan instalments or sinking fund investments, the Corporation will be liable for the default in the manner prescribed by sections‡ 80—82 of the Bombay Act, under which the amount in default may be withdrawn from the municipal fund and set aside for the service of the loan, and a special tax may then be imposed to repay the sum withdrawn from the municipal fund.

12. The foregoing proposals may be thus summarized :—

- (i) The Corporation will contribute a fixed amount (Rs. 4,64,000), *p/ae* a fluctuating amount (1½ per cent. on rateable value, now calculated to yield Rs. 3,80,000), to the revenues of the Trust.
- (ii) The revenues of the Corporation itself will be supplemented by new taxes on petroleum and on transfers on immoveable property, to enable it to meet the second of these charges.
- (iii) The contribution of 1½ per cent. will be further secured as explained above on the consolidated rates.
- (iv) The Corporation will be liable for default on the part of the Trust.

13. The following information is added regarding the two municipal taxes above proposed :—

Transfer duty.—A duty on transfers was first suggested as an adjunct to the succession duty (*vide* paragraph 18 below) and to prevent evasion of the latter. As a tax standing by itself, it appears to be free from the objections which are held to make a succession duty impracticable. Being a tax on immoveable property, it is a suitable alternative to the enhancement of the rates which would otherwise become necessary if the Corporation were at any time unable to maintain its contributions. It is proposed to levy the tax at the rate of 1 per cent. on sales, gifts and usufructuary mortgages. The estimate of yield based on the recorded figures of gifts and sales only is Rs. 2,60,000. Separate statistics of usufructuary mortgages are not readily obtainable. The details generally require to be further worked out.

The Government of India would be prepared to consider whether the tax should not be levied at 2 per cent., the additional 1 per cent. being substituted for the owners' rate suggested in paragraph 17 below. But they are inclined to prefer the latter tax, as the yield would be less liable to fluctuations.

Petroleum tax.—The Conference considered a proposal to impose a tax on petroleum. At the rate of 4 annas per 10 gallons it was estimated to yield Rs. 1½ lakhs. This article is already taxed for Imperial purposes at a high rate (15 to 20 per cent. *ad valorem*). Further objections are that the yield would be uncertain; the tax would be somewhat difficult to collect; and it would press with special weight on the poor. The Conference rejected it largely on the last ground. If it is decided to adopt the railway terminal tax (*vide* paragraph

* See para. 17, "Special owners' rate."

† See para. 13 below.

‡ *Vide* Appendix A to this memorandum.

19 below) by which the poor would be effectively reached, the Government of India would prefer not to impose a tax on petroleum, and it would probably be possible also to reduce the contribution to be demanded from the Corporation. Otherwise they consider that the petroleum tax is required. Such a tax was approved by the Secretary of State at an earlier stage of the discussion and provision for such taxation already exists in the Calcutta Municipal Act.

Proposals for special taxation.

14. Under the above scheme the Corporation will provide Rs. 8,24,000 out of the total sum (Rs. 18,35,000) required from contributions and taxation. The remainder (Rs. 10,11,000) must be obtained from the proceeds of special taxation on behalf of Trust funds. The following suggestions for special taxation have at one time or another been put forward.

15. *Jute Tax.*—The Conference of February 1904 approved a proposal to levy an export duty of 1 per cent. on the value of jute shipped from Calcutta, coupled with an excise on jute locally purchased (estimated yield Rs. 5,00,000). To prevent evasion a similar tax must be imposed on jute shipped from Chittagong, the proceeds of which will go to that port. This proposal has been minutely scrutinized. It has been criticized as a tax which will be paid by consumers of jute abroad and all over India, and which is therefore more suited for imperial than for local purposes. On the other hand it is contended that Calcutta is the financial and administrative head-quarters of the jute trade, both in respect of the raw material and of the manufactured product; that though the jute mills and presses being situated for the most part just outside Calcutta municipal limits escape municipal taxation on the metropolitan scale, the Companies have their head-quarters and are managed and financed in Calcutta itself; that they employ some 97,000 operatives who with their dependents enjoy the municipal conveniences of the town and contribute largely to its congestion, but practically pay no municipal taxes.

The tax is too small to injure the trade. It can be shown for example that the increase of 45 per cent. in the price of raw jute which occurred between 1898 and 1900 did not affect the exports. The fibre is in fact a *quasi* monopoly and a small duty is not likely appreciably to accelerate the discovery of a substitute. It is also to be noted that of the total export of jute only one-twentieth is consumed in India and about one-third only goes to the United Kingdom.

The Government of India appreciate the wider issues which the imposition of such a tax opens up, but they are satisfied that its net advantages exceed those of any alternative forms of taxation which could be proposed. They have accordingly recommended its adoption to the Secretary of State, and it has been provisionally approved by him.

It has been suggested that in imposing the tax the Government should take power to fix tariff values or to convert the *ad valorem* into an appropriate specific duty.

16. *Additional income-tax.*—Following continental precedents, the Conference recommended the addition for the purposes of the Trust of half a pie per rupee to the existing income-tax which is levied at the rate of 4 and 5 pies per rupee of income as the case may be. The yield is estimated at Rs. 2 lakhs. The tax possesses the merit of reaching classes who profit greatly by the business facilities of Calcutta, but are not easily reached by other forms of taxation.

The tax has been provisionally approved by the Secretary of State. It is not intended to levy it on the interest on Government securities. The details remain to be worked out, and certain practical difficulties will require consideration by the Local Government, e.g., the case of persons residing in Calcutta for a part only of the year, and the case of firms assessed in Calcutta on the income of branches in other places.

17. *Special owners' rate.*—The Local Government has proposed a special rate of 1 per cent. on rateable value to be assessed exclusively on owners. The Government of India agree that some share of the special taxation which the scheme involves should be of a kind which falls directly on owners, who will benefit by the improvement of the town. On the other hand, it is argued that the tax will be new in form and therefore more unpopular; that its ultimate incidence like that of the consolidated rates (assessed half on owners and half on occupiers) will be really determined by the conditions of supply of and demand for houses in each locality; and that therefore it would be preferable to add 1 per cent. to the consolidated rates to which the people are accustomed. The Government of India think that, in the probable event of the succession duty being abandoned, one of these alternatives should be adopted. The yield in either case should be about Rs. 2,40,000.

18. *Succession Duty.*—The Conference proposed a succession duty on immoveable property in Calcutta on a graduated scale working out to a mean rate of 5 per cent. on market value; and took credit in their scheme of finance for a revenue of Rs. 6,50,000 from this source and from a duty on transfers. The proposal was further examined in February 1905 by an informal Committee of legal experts (the Hon'ble the Advocate-General presiding), who reported that the proposal was beset by grave practical difficulties, the chief being those of dealing with the joint-family system and with corporations. In view of these objections the Government of India are disposed to think that the special owner's rate referred to in paragraph 17 is preferable.

19. *Railway terminal tax.*—The Conference recommended the imposition of a terminal tax on railway passengers arriving at or leaving the Calcutta stations, including Howrah. They

estimated the number of passengers at over 10,000,000 per annum, and calculated that a tax of one-half anna per head with a substantial reduction for daily passengers would yield Rs. 2½ lakhs. The tax would fall to a large extent on the poor whom it is in fact desirable to reach by one or other of the special taxes to be imposed. It is argued that the taxation of suburban transportation is opposed to the essential principle of a scheme of city improvement, a main object of which is to encourage the dispersion of the population from the centre to new or existing suburbs. On the other hand, there are precedents for such taxation both in India and elsewhere, and in a scheme which at the best must require heavy and conscious sacrifices from the tax-payer the advantages of a tax which is easily collected and not severely felt are not lightly to be set aside. On the whole, the Government of India are disposed to reserve their opinion till the proposal has been submitted for public criticism and also examined further by the Local Government and by representatives of the railway companies affected. For the tax to be admissible at all, it will be essential to prevent unfair competition with other means of transportation by imposing a similar tax on passengers by river steamer; and also to devise some practicable method of restricting its incidence on the daily passenger within moderate limits.

20. *License-fee on import of timber and firewood.*—This and the next tax, both of which are in force in Madras, were suggested at a late stage of the discussion, and their probable yield and suitability to the conditions of Calcutta have not yet been examined. The timber and firewood tax in Madras, levied at the rate of Rs. 5 per ton on timber and 6 annas per ton on firewood, yields about Rs. 1½ lakhs net per annum.

21. *Tax on animals slaughtered for food.*—In Madras this tax, collected under contract, yields about Rs. ½ lakh per annum.

22. The following statement indicates the extent to which the taxes proposed will suffice to supply the revenue required:—

	Rs.
(a) Income required from special taxation	10,11,000
(b) Estimated yield of proposed taxes—	
Jute tax	5,00,000
Additional income-tax	2,00,000
Special owners' rate, or	
Addition of 1 per cent. to consolidated rate, or	2,45,000
Addition of 1 per cent. to transfer duty ...	
Railway terminal tax	2,50,000 *
Tax on timber and firewood	(Not yet estimated.)
Tax on animals	(Ditto)

General Summary.

23. The scheme involves a capital expenditure of Rs. 822 lakhs. The persons whose land is improved are expected to repay to the Trust Rs. 336 lakhs capital, while those who are served by the housing operations will pay Rs. 8 lakhs per annum, i.e., Rs. 8 lakhs per annum (sufficient in 60 years to repay a loan of Rs. 42 lakhs) and the cost of management (Rs. 1 lakh per annum). The capital outlay may therefore be regarded as thus distributed:—

	Rs. Lakhs.
Persons directly benefited, Rs. 336 + 42 lakhs =	378
Residents of Calcutta	394
The general taxpayer	—
Total	822

Thus no part of the cost of management and less than half the capital charges fall on the local taxpayer.

24. The comparative lightness of the burden in relation to the magnitude of the operations involved is the more noticeable when the scheme of taxation comes to be analysed. The repayment of Rs. 394 lakhs involves an annual charge of Rs. 18,35,000. Of this amount it is contemplated that over Rs. 4 lakhs will be obtained from the Corporation without additional taxation, and Rs. 5 lakhs from the tax on jute, by far the greater proportion of which will probably be borne by consumers beyond Calcutta. The special additional taxation falling ultimately on Calcutta represents in fact only about one-quarter of the whole cost of the scheme.

25. In the event of the estimates of return of capital outlay or of revenue proving to have been materially overstated, the ultimate financial responsibility falls on the Calcutta ratepayer. But serious miscalculation can be avoided by proceeding cautiously and experimentally, and restricting the programme of work with reference to the financial results actually obtained.

Sub-enclosures.—Appendix A.—Extract from City of Bombay Improvement Act, 1896.

* The petroleum tax (estimated yield Rs. 1,50,000) is, however, to be abandoned if the terminal tax is imposed—vide paragraph 13 above.
† i.e., Rs. 8,24,000, the contribution of the Corporation, reduced by Rs. 4,10,000, the estimated yield of the taxes on petroleum and on transfers.

FINANCIAL DEPARTMENT.

NOTIFICATIONS.

No. 270-O.—*The 31st July 1905.*—It is hereby declared that a competitive examination for three appointments in the Opium Department will be held in February 1906. At this examination only such European and Eurasian candidates as have been nominated by the Lieutenant-Governors of Bengal and the United Provinces of Agra and Oudh, each of whom is authorized to make as many nominations as he considers necessary or desirable (those made by the Lieutenant-Governor of the United Provinces being subject to ultimate approval by the Lieutenant-Governor of Bengal), will be permitted to present themselves.

It must be clearly understood by competitors that the candidates who may be declared successful will not be entitled to obtain permanent appointments in the grade of Assistant Opium Agents, until permanent vacancies occur in that grade, nor until they have complied with the conditions of rule 12, but it is the intention of Government to appoint them at once to duty in the Department as Officiating Assistant Opium Agents on a salary of Rs 200 a month each. If within two years of their appointment they succeed in passing the departmental examinations, and are well reported on, and there are no vacancies in the Department at the time, they will be allowed to draw Rs. 250 a month each from the date of passing such examinations; and on being subsequently appointed to substantive posts, they will be allowed to count service for promotion from the date on which they commenced to draw Rs. 250 a month. Pending such substantive appointment they will remain on a probationary footing and will have no claim to permanent appointment unless their work continues satisfactory.

The pay of officers of the Opium Department will rise, with length of service, according to the following scale and the rules governing service in that Department:—

Years of approved service.	Pay. Rs.
1, 2, 3, 4 (commencing from the date on which departmental examinations are completely passed)	250
5, 6, 7	300
8, 9, 10	350
11, 12, 13, 14	400
15, 16, 17, 18	500
19, 20, 21, 22	600
23, 24, 25, 26	700
27 and upwards	800

Promotion to the two highest grades of Sub-Deputy Opium Agent on Rs. 900 and Rs. 1,000 will be made by selection for ability and good service.

2. A certificate of health and physical fitness, signed by a covenanted medical officer in the form given in the margin, will be required from each candidate, who should also furnish a copy of his baptismal certificate, in the absence of which sufficient evidence as to age should be forwarded with the application for admission to the examination. No one whose age will be below 19 years on the 1st February 1906, or above 22 years on the 1st March 1906, will be permitted to appear.

I do hereby certify that I have examined Mr. _____, a candidate for employment in the Opium Department, and that he has no disease, affection, or bodily infirmity, and is, in my opinion, possessed of a robust constitution well fitted for the performance of the duties appertaining to such an appointment. His age is, according to his own statement, _____ years and by appearance _____ years.

Such drums or receptacles must be packed in strong wooden cases, the thickness of the wood being not less than half an inch. - (b) An air space of at least one-tenth of its capacity must be left in each drum or receptacle.
- (c) The drums or receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.
- (d) Before any vessel which contains or has contained dangerous petroleum is repaired by the licensee, or is sent by him to be repaired, the vessel shall, as far as practicable, be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.
- (e) The building in which the petroleum is to be stored must be constructed of masonry or other unflammable material, with terraced, tiled or iron roof and a tiled, paved or earthen floor.

- (f) Either (1) the doorways and other openings of such building must be built up to such a height above the level of the road or street, or the floor thereof must be sunk to such a depth below the level of the road or street, that the petroleum stored in it cannot flow out of the building in case of its escape from the receptacles in which it is contained, or (2) the building must be surrounded with a masonry wall or embankment sufficiently high to contain all the petroleum in the building in case of its escape therefrom: Provided that combination of methods (1) and (2) may be adopted.
- (g) All ventilating openings in such building must be protected by strong wire gauze.
- (h) No smoking or light or fire of any description shall be permitted at any time within or near any such building.

Specification of land disforested.

Name of Reserve disforested.	District.	Tahsil.	Mauza.	Area in acres.
Apalohand ...	Jalpaiguri ...	Mynaguri ...	Baikuntpur ...	2,609

North.—A demarcated line, starting from pillar No. 274 on the boundary where it crosses the Gazliduba nadi, first, in an easterly and then in a southerly direction for about two miles till it again meets the boundary at pillar No. 133; then round the Sidabari jote till it crosses the Apalohand nadi.

East.—A demarcated line, starting from pillar No. 274 on the boundary where it crosses the Gazliduba nadi, first, in an easterly and then in a southerly direction for about two miles till it again meets the boundary at pillar No. 133; then round the Sidabari jote till it crosses the Apalohand nadi.

West.—The Apalohand nadi.

South.—The Tista river.

West.—*Description.*—A narrow strip of riparian forest, running along the east bank of the Tista river, lying mainly between that river on the west and the Buri Tista and Apalohand rivers on the east. The forest contains mainly *khair*, *sisam* and mixed species of trees, a quantity of grass land and a few *sal* trees on the east. It is chiefly of value on account of the grazing.

Reasons for disforestation.—It has been held that the greater part, viz., 2,159 acres of this area, lies within the boundary of that estate as laid down by the Department of Survey of India in 1901. A few small acres outside this boundary line have been disforested, as they are too small and contain too few trees of sufficient value to be worth retaining as Reserved Forest.

269F. If a notice to admit or produce comprises documents which are not necessary, the costs occasioned thereby shall be borne by the party giving such notice.

269G. A party may at any stage of a suit or matter, where admissions of fact have been made either on the pleadings or otherwise, apply to the Court or a Judge on motion for such decree or order as upon such admissions he may be entitled to, without waiting for the determination of any other question between the parties; and the Court or a Judge may upon such application make such order, or upon the suit or matter being set down for hearing in the Peremptory List of Causes pass such decree as the Court or Judge may think just.

A 502. Except where according to the existing practice any order may be made *ex parte* absolute in the first instance and except where a motion or application may be made for a rule nisi or order to show cause only, no motion shall be made without previous notice to the parties affected thereby.

502. (a) When a rule nisi or order to show cause is granted by the Court a day shall be fixed for the hearing thereof, and the Rule shall, unless the Court or a Judge shall otherwise specially order, be served at least four clear days before the day fixed for the hearing. The Rule, together with the affidavit or affidavits of service thereof, shall be filed in the Registrar's office immediately after service.

Affidavits in answer shall be filed in the Registrar's office not later than 4 o'clock on the day preceding the day fixed for the hearing.

504. (a) Every notice of motion and every Rule issued by the Court shall be entered by the Registrar in a list for hearing on the day for which such notice is given or Rule is made returnable (being a day appointed for the hearing of motions), and shall be called on in its order in the list. If, when the motion or rule is called on, neither party appears, the motion or rule shall be passed over until the list has been gone through. The motions and rules passed over shall then be called on a second time in their order. If neither party appears to a motion or rule so called on it shall be dismissed.

504. (b) If the opposite party does not appear at the hearing of a motion or rule, the Registrar shall not draw up the order thereon unless it shall appear in the officer's note of the application that service of the notice of motion or rule has been proved to the satisfaction of the Court or Judge hearing the motion or rule.

504. (c) If the party giving notice or obtaining the Rule does not appear, but the opposite party does appear, the Court may dismiss the motion or Rule or make such other order as to the Court may seem fit.

504. (d) If a Rule or notice of motion is not entered in the list owing to non-compliance with the provisions of Rule 502 (a) as to the filing of the Rule and affidavit or affidavits of service, or owing to non-compliance with the provisions of Rule 504, as to the filing of the affidavits and grounds of the party moving, the Court may, on the application of any party who has been duly served with such Rule or notice and who appears to show cause or oppose, make such order as to the costs of his appearance and the entering in the list and the hearing of the rule or motion as to the Court may seem fit.

504. (e) No adjournment of a motion or Rule in the List shall be granted except upon affidavit showing sufficient grounds for such adjournment: provided that the Court may, on the first day of hearing of a motion or Rule, grant an adjournment (for the convenience of Counsel) if all parties consent thereto, and no grounds further than the statement of Counsel shall in such case be required.

A motion or Rule so adjourned shall be marked "adjourned," and shall take precedence of other motions and Rules on the List which are not so marked.

546. (a) All proceedings under the Guardians and Wards Act, 1890, in these Rules, called "the said Act," shall be entitled in the matter of the minor.

(b) An application for the appointment of a guardian, or for a declaration that a person is the guardian of a minor, shall be by original petition.

(c) The application shall, in addition to the particulars required by section 10 of the said Act, state whether the minor is entitled to any property absolutely, or subject to the rights or interests of any other person, and whether any property is subject to any and what incumbrances; and shall specify all persons of the same degree of relationship as, or of nearer degree than, the proposed guardian, and where a female is proposed as guardian, the nearest male relation of the minor.

(d) Where the father of the minor is living, and is not proposed as guardian, the application shall also state any facts relied on as showing that he is unfit to act as guardian of the minor, or that he consents to the application.

(e) Where it is proposed to deal with any property of the minor in manner mentioned in section 29 of the said Act, the grounds of the application, and the relief prayed, shall be stated shortly in the original petition, and it shall not be necessary to present a separate petition or application.

(f) The declaration of the willingness of the proposed guardian to act may be written at the foot of, or annexed to, or exhibited with, the petition.

(g) Notice of the application shall be issued and served in manner prescribed for summons to a defendant. The Court may also direct the petitioner to publish the notice in such Newspaper or Newspapers as it thinks fit, and shall direct such publication in any case in which the petitioner is not a relation of the minor.

(h) Unless the Court otherwise orders, a person appointed, or declared to be, guardian of the property of the minor shall give security, in the bond of himself and two or more sureties, for the amount or value of the moveable property, and of the annual rents, profits, or other income of the moveable and immoveable property, to be received or accounted for by the guardian; and shall furnish the statement of the property and debts mentioned in subsection (b) of section 34 of the said Act, and shall pass his accounts once in every year.

(i) If the Court think fit to appoint a guardian without giving security unless otherwise ordered, the order shall direct that an undertaking shall be given by the guardian to furnish the statement above mentioned, and to keep a full and correct account of all monies and property of the minor received or expended by the guardian on his behalf, and to file and prove the same in Court, whenever so required.

(j) At the hearing, the Court may determine the amount to be allowed for the maintenance and education of the minor, and the amount, if any, to be allowed to the guardian as his remuneration, and may also give any special directions as to the power to be exercised by the guardian.

(k) If any person is entitled to maintenance out of the property or to reside in any house of the minor, the Court may fix the amount to be paid to such person for maintenance, or in respect of maintenance and residence, or give such directions with respect thereto as it thinks fit.

9A. The officers of the Court shall not receive any pleading, petition, affidavit or like document on the file (except original exhibits), unless the same shall be fairly and legibly transcribed on durable paper, foolscap size, and all office copies shall be transcribed in like manner.

26A. An Attorney or a party in person shall, as soon as practicable, send to the Translator's Office for translation any vernacular documents on which he may rely. If he fail to do so or send the same so late that the translation is not ready for use when the case is called on, the Court or Judge may disallow the costs of such translation.

26B. Whenever an Attorney or a party in person sends any documents for translation, he shall, so far as he can, state in the *practise* the probable date of the hearing of the suit or matter in which the translation is to be used.

26C. No vernacular document shall be accepted in evidence unless officially translated, except that private translations may be accepted subject to official translation, if good and

satisfactory reason is given why the document was not lodged in the Translator's Department in time for translation.

26D. Translations of documents in the French, German, or other foreign language shall be made by special translators (if any) appointed by the Court. Applications for such translations shall be made to the Registrar, who shall forward them to the said special translators.

26E. Where translation of a document or entry or entries in the vernacular in the possession of one party is required by the other party for the hearing of the suit, the former on the application of the latter, shall immediately send the originals to the Translator's Department for translation, or allow the latter to take copies thereof, and after examination of such copies without any delay certify them to be correct copies. Translations of such certified copies shall be admissible at the hearing. In dealing with the costs of the suit the Court or a Judge shall have regard to any failure to comply with the provisions of this Rule.

26F. The Registrar, on good cause being shown, may sanction the immediate translation of any documents on payment of double the usual fee.

26G. An Attorney who shall obtain a translation of any document to be used for the purposes of a suit or matter shall, if required, furnish a copy of such translation to the opposite party or his Attorney on payment of half the translation charges.

26H. The Court or a Judge may, at any time, require a party to the suit or matter to produce and leave in the Translator's office any document not in the English language in his possession for the purpose of being officially translated, and may order that the translation when made shall be filed with the proceedings in the suit.

51A. Any Judge of the High Court may, subject to any rules of Court, exercise in Court or in chambers all or any part of the jurisdiction vested in the High Court on its Original Side.

142A. An Attorney, when he has taxed his bill of costs against his client, may apply in chambers on summons for an order against his client or the legal representatives of such client for payment of the sum allowed on taxation or such sum as may then remain due. The Judge on hearing the summons may make such order or refer the parties to a suit. Such order if made may be executed under Chapter XIX of the Code of Civil Procedure as a decree for money.

238A. The Judge to whom the plaint is presented may, if he shall think fit, require a translation of any document not in the English language to be filed with the plaint. Such translation must be official, and the non-delivery thereof when required shall have the same effect as if the original document had not been produced.

308A. When an order has been made giving leave to defend a suit filed under Chapter XXXIX of the Code of Civil Procedure, if the defendant does not file the order granting leave to defend and complete his security (if any) within the time limited in the order, the plaintiff shall be at liberty to put the suit down for hearing forthwith as if no such order has been made.

492A. In the event of the appellant failing to apply for, take out and deliver to the Sheriff the notice of appeal for service on the respondent within 14 days from the filing of the appeal, the Registrar may set down the appeal before the Court of appeal, if then sitting, or if not sitting, before the Senior Judge sitting on the Original Side, for dismissal.

619A. When a suit is brought on behalf of a minor, the next friend shall make an affidavit, to be presented to the Judge with the plaint in the suit, that he has no interest, directly or indirectly, adverse to that of the minor, and that he is otherwise a fit and proper person to act as such next friend. The age of the minor shall also be stated. No order appointing the next friend by whom the suit is to be instituted will be drawn up.

739A. No proceedings filed in Court shall be produced in Court other than the High Court without the order of the Judge in chambers, and no original will filed in Court shall be produced in any place beyond the limits of the High Court except in the custody of one of the Registrar's clerks and under a like order.

168A. Where a plaint or a written statement has been drafted or settled by an Advocate or an Attorney his name shall appear at the foot thereof, but for the purposes of this rule no pleadings shall be deemed to be drawn or settled by an Advocate if subsequently altered without his consent.

168B. When the Advocate-General is a party to a suit in his official capacity he shall be named and described in the pleadings by his official title only. Before the name of any person shall be used in any suit as relator such person shall sign a written authority to the Attorneys for that purpose, and such authority shall be filed in the Registrar's office.

RESOLUTION—By the Government of India, Public Works Department.

Improvement in the pay of the Administrative Officers of the Engineer Establishment, Public Works Department.

READ—

Despatch No. 131 (Financial), dated the 27th April 1905, to the Secretary of State for India.

Despatch No. 46 (Public Works), dated the 4th August 1905, from the Secretary of State for India.

The Government of India have for some time past realized that the small increase in the pay of the 2nd and 3rd classes of Superintending Engineers sanctioned in Public Works Department Resolution No. 298-G., dated 1st March 1900, did not possess the element of finality, and that a further substantial improvement in the pay of the Administrative grades of the Public Works Department was urgently demanded in order, first, to maintain that high standard of efficiency which is absolutely essential in a service controlling a vast system of State Works and, secondly, to check the tendency to premature retirement so as to retain, for the full term of an Indian career, officers of the highest professional attainments whose ripe experience is of the utmost value to the Administration. With these objects in view the Government of India have obtained the sanction of the Secretary of State to the following arrangements, viz.:—

- (a) The grade of third class Chief Engineer is abolished, and the scale of pay will be Rs. 2,750 and Rs. 2,500 for the 1st and 2nd classes of Chief Engineers, respectively. The distribution between the two classes will be equal, an excess of one falling in the lower class.

- (b) The pay of the Superintending Engineer classes shall be—

	Ra.
1st class	2,000
2nd "	1,750
3rd "	1,500

The distribution between the three classes will be equal, an excess of one falling in the second class and an excess of two in the second and third classes.

- (c) Local allowances of Rs. 250 and Rs. 150 a month will be attached to the posts of Secretary to Local Governments and Administrations: the former amount will be drawn, in addition to the pay of rank, by a Chief Engineer who is also a Secretary to a Local Government, and the latter by a Superintending Engineer when Secretary to a minor Administration.

- (d) The pay of the Secretary to the Government of India in the Public Works Department will be raised from Rs. 3,000 to Rs. 3,500 a month.

These changes will have effect from the 21st August 1905, and all officers holding rank, either permanent or temporary, in the old third class of Chief Engineer, now abolished, will from that date rank as Chief Engineer, second class, permanent or temporary, as the case may be.

To the Governments of Madras and Bombay, Public Works Department.
To the Governments of Bengal, the United Provinces of Agra and Oudh, the Punjab and Burma, Public Works Department.
The Honourable the Chief Commissioners of the Central Provinces and Assam.
The Chief Commissioner of Coorg.
The Honourable the Resident at Hyderabad.
The Honourable the Agents to the Governor-General for Central India, Rajputana and Baluchistan.
The Honourable the Agent to the Governor-General and Chief Commissioner, North-West Frontier Province.
The Accountant-General, Public Works Department.
The Secretary, Railway Board.

ORDER.—Ordered that this Resolution be circulated to the Local Governments, Administrations and Officers noted in the margin for information and guidance, and that it be published in the *Gazette of India*.

IRRIGATION DEPARTMENT.

The 4th September 1905.

No. 22.—Notification.—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905:—

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz.:—

- (1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
- (2) the river Hooghly, from Nadia to its junction with the river Mathabhangha;
- (3) the river Jalangi, from the Ganges to Nadia;
- (4) the river Bhairab, from the Ganges to Nadia;
- (5) the river Mathabhangha, from the Ganges to its junction with the Hooghly;
- (6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhangha rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows:—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements:—

Class I.—

- (a) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.
- (c) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

Class II.—

- (d) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

- (e) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

- (f) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged: provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself: provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M. and 5 P.M.

EXISTING RULES.

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.), and will have effect from and after the 1st September 1879.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements:—

- (a) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.
- (c) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.
- (d) In the case of steamers, the tonnage as determined by clauses (a), (b) and (c) shall be reduced by one-half as an allowance for engine and cabin space.
- (e) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

10. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st. Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghât without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item I of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix ■ III) which shall entitle the vessel to proceed without further charge.

7. (a) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(b) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(c) The person in charge of a vessel approved as in clause (b) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (a) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(b) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (a) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each oar of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day.

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(d) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 6, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the handalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggies in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice proscribed in Rule 28 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

23. No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers. And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following.

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls. This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation.

21. Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III). In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector.

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due on account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue.

26. The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station. The certificate shall mention the date of passing. It will be attached as a voucher to the bill, which will be presented for payment to the owners or agents of the vessel by the officer in Calcutta authorised to receive payment thereof.

Extract (paragraphs 1 and 2) from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

IRRIGATION DEPARTMENT.

The 14th September 1905.

No. 22.—*Notification*.—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905:—

W. A. INGLIS,
Secy. to the Govt. of Bengal.

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz:—

- (1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
- (2) the river Hooghly, from Nadia to its junction with the river Mathabhangha;
- (3) the river Jalangi, from the Ganges to Nadia;
- (4) the river Bhairab, from the Ganges to Nadia;
- (5) the river Mathabhangha, from the Ganges to its junction with the Hooghly;
- (6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhangha rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows:—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements:—

Class I.—

- (a) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.
- (c) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

Class II.—

- (d) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

- (e) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

- (f) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged: provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself: provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 6 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M. and 5 P.M.

EXISTING RULES.

The following Rules having reference to the undermentioned navigable channels, viz.:—

- (1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
- (2) the river Hooghly, from Nadia to its junction with the river Matabhanga;
- (3) the river Jallanghi, from the Ganges to Nadia;
- (4) the river Bhairab, from the Ganges to Nadia;
- (5) the river Matabhanga, from the Ganges to its junction with the Hooghly;
- (6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively,

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.), and will have effect from and after the 1st September 1879.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements:—

- (a) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.
- (c) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.
- (d) In the case of steamers, the tonnage as determined by clauses (a), (b) and (c) shall be reduced by one-half as an allowance for engine and cabin space.
- (e) In the case of a steamer that has been surveyed under Act VI of 1864, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

13. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st. Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghât without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item I of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (a) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(b) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(c) The person in charge of a vessel approved as in clause (b) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 14. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (a) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(b) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (a) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghat, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each oar of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day.

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(6) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the handalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggies in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 28 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

23. No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers. And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following.

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls. This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation.

21. Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III). In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector.

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due on account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue.

26. The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station. The certificate shall mention the date of passing. It will be attached as a voucher to the bill, which will be presented for payment to the owners or agents of the vessel by the officer in Calcutta authorized to receive payment thereof.

IRRIGATION DEPARTMENT.

The 4th September 1905.

No. 22.—*Notification.*—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905 :—

W. A. INGLIS,
Secy. to the Govt. of Bengal.

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz :—

- (1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly ;
- (2) the river Hooghly, from Nadia to its junction with the river Mathabhangha ;
- (3) the river Jalangi, from the Ganges to Nadia ;
- (4) the river Bhairab, from the Ganges to Nadia ;
- (5) the river Mathabhangha, from the Ganges to its junction with the Hooghly ;
- (6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhangha rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows :—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements :—

Class I.—

- (a) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.
- (c) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

Class II.—

- (d) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

- (e) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

- (f) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged : provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself : provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M. and 5 P.M.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

- (a) The product of half the length of the vessel from stern to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches ; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.
- (c) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted ; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only ; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only ; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.
- (d) In the case of steamers, the tonnage as determined by clauses (a), (b) and (c) shall be reduced by one-half as an allowance for engine and cabin space.
- (e) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

10. Measurement shall be made between the hours of 6 A.M. and 9 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st. Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 9 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghât without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item I of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (a) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(b) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(c) The person in charge of a vessel approved as in clause (b) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (a) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(b) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (a) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each car of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day.

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(b) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the handalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggies in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 27 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

23. No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers. And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following.

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls. This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation.

21. Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III). In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector.

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due on account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue.

26. The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station. The certificate shall mention the date of passing. It will be attached as a voucher to the bill, which will be presented for payment to the owners or agents of the vessel by the officer in Calcutta authorized to receive payment thereof.

No. 93 Marine.—In exercise of the powers conferred on him by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and in supersession of the rules sanctioned under Notification No. 68 Marine, dated the 27th June 1905, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rules for regulating the grant to owners of motor vehicles of licenses to possess and transport petrol for use in such motor vehicles.

1. In these rules—
 - (a) "motor vehicle" includes all vehicles propelled by mechanical means on ordinary roads and motor boats and launches;

- (2) Such licenses for quantities not exceeding 40 gallons may be granted, in the town and suburbs of Calcutta, by the Commissioner or Deputy Commissioner of Police, and elsewhere by the District Magistrate or such other officer as the Local Government may from time to time, by order in writing, appoint. Licenses for quantities exceeding 40 gallons will be granted by the Local Government.
- (3) The licenses under rule 2 (1), clauses (a) and (b), shall be granted in the annexed Form II, and those under rule 2 (1), clause (c) in the annexed Form I.
3. The licenses under clauses (a) and (b) of rule 2 (1) shall be granted free of charge, and those under clause (c) of that rule for a fee of Rs. 5. The licenses shall remain in force for a period of one year, at the expiry of which they shall expire, but may be renewed.
4. Every license shall be subject to the following conditions, namely:—

Every such vessel shall be so constructed and maintained that no leakage, whether of liquid or vapour, can take place therefrom.
 - (2) Every such vessel, when used for transporting or keeping petrol, shall have attached thereto a metallic or enamelled label in conspicuous characters, stating the description of the petrol with the addition of the words "highly inflammable" legibly and indelibly stamped or marked thereon, and with the addition of the name and address of the owner.
 - (3) Every such vessel shall have an air-space equal to one-tenth of its capacity to allow for expansion of the petrol.
 - (4) No such vessel shall contain more than four gallons.
 - (5) Before repairs are done to any such vessel, it shall, as far as practicable, be cleaned by the removal of all petrol and of all dangerous vapours derived from the same.

But any building having a capacity of not more than 40 gallons owned by the owner of a motor vehicle or a petty dealer may have its doors and windows constructed of wood.
 - (7) Where a store-house forms part of, or is attached to, another building, and the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the store-house, and no portion of such store-house shall be used as a dwelling or as a place where persons assemble.
A store-house shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

- (9) The amount of petrol which may be transported under a license granted under rule 2 (1), clause (a), shall not exceed 60 gallons.
- (10) The filling or replenishing of any vessel with petrol shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour arising from the petrol, and no fire or artificial light capable of igniting inflammable vapour shall be brought within dangerous proximity of the place where any vessel containing petrol is being kept.
- (11) In the case of all petrol kept or transported for the purpose of, or in connection with, any motor vehicle—

- (b) every person managing or employed on, or in connection with, any motor vehicle shall abstain from every act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing any such act.
- (12) The store-house shall be liable to inspection by any police officer not lower in rank than Inspector of Police, or by any other officer whom the Local Government may depute for that purpose.

TO HIS HONOUR SIR ANDREW HENDERSON LEITH FRASER, K.C.S.I., Lieutenant-Governor of Bengal.

The application of Maharaja Bahadur Sir Jotindra Mohun Tagore, K.C.S.I., under Section 3 of the Bengal Settled Estates Act, 1904.

SHEWETH:

1. That the applicant, the son of the late Horo Coomar Tagore, is the representative of the elder branch of the Tagore family of Calcutta, was born in the year 1831. He is one of the largest Zemindars in Bengal. In January 1870 he was appointed a Member of the Bengal Legislative Council and on the expiry of his term of office he was appointed a second time. The title of Raja Bahadur was conferred upon him on the 17th March 1871 and on the 1st January 1877 he received the title of Maharaja, and on the 1st February following he was appointed a Member of the Legislative Council of the Governor-General of India. In the year 1879 the applicant was appointed a second time and in 1881 a third time as a Member of the Legislative Council of the Governor-General. In 1880 he was created a Companion of the Most Exalted Order of the Star of India and on the 24th May 1882 a Knight Commander of the same Order. In the year 1882 the applicant was elected President of the Faculty of Arts of the Calcutta University and was appointed to be a Member of the Education Commission and of the Jury Commission. On the 1st January 1880 the title of Maharaja Bahadur was conferred on the applicant as a personal distinction and on the 1st January 1891 by Foreign Department Notification of that date the title of Maharaja which had been conferred upon him in the year 1877 as a personal distinction was declared to be hereditary.

2. The applicant is desirous of effecting a settlement of the immoveable properties hereinafter mentioned of which he is in possession in his own right which are held by him in permanent heritable and transferable right and to which he is solely entitled and also of the moveable properties hereinafter mentioned of which he is in possession and to which he is absolutely entitled.

3. The reasons for such application are that the applicant is desirous of ensuring that the dignity of the hereditary title and the position of the Tagore family of which the applicant is the head shall be maintained by successive Maharajas and with such object that the properties referred to in the last preceding paragraph hereof shall be set apart from the estate of the applicant and brought into settlement to follow the devolution of the hereditary title to guard by the settlement of such properties against waste and extravagance in the future and the degrading and disastrous consequences thereof and to afford and secure, to successive life tenants a certain and sufficient income to enable them to maintain or to assist them in maintaining the dignity and position aforesaid.

4. The said immoveable properties are particularly described in the several parts of the first schedule hereto. The properties mentioned and described in the first part of the first schedule hereto are situated in the several Districts of Rangpur, Dinajpur, Bogra, Hooghly, Burdwan, Murshidabad, Birbhum, Midnapore, Nadia, Darbhanga, 24 Parganas, Jessore, Muzaffarpur, Faridpur, Arrah and Bhagalpur. The immoveable properties mentioned and described in the second part of the said first schedule are situated within

5. The description of the immoveable property fourthly mentioned in the first part of the said first schedule, namely, Mahal Mahamad Aminpur in the District of Hooghly, represents the eight annas undivided share of the entirety of such Mahal, the other eight annas undivided share being held by the sons of the late Raja Pramatha Nath Roy of Dighapatia. The respective undivided shares are separate in management and the *juma wasil* of the share held by the applicant is entirely distinct from the *juma wasil* of the share held by the said Kumars of Dighapatia, the revenue payable to Government being definitely apportioned to the respective shares under separate accounts. The applicant being in fact solely entitled to the said eight annas share held by him and being in possession thereof and entitled thereto for a permanent, heritable and transferable right, interest and estate therein is desirous that such share should be included in the proposed settlement as a property to which he is solely entitled.

6. The moveable properties which the applicant is desirous of including in the settlement consist of jewellery, books and manuscripts mentioned or described in the second and third schedules hereto. Such moveable properties are in the possession of, and are the absolute property of, the applicant, who proposes to include them in the settlement in order that they may be treated as heirlooms.

7. The income yielded annually by the several immoveable properties situate in the several districts mentioned and described in the first part of the first schedule and the revenue rates and taxes payable to the Government annually in respect thereof are shown in that part of such schedule.

8. The income yielded annually by the several immoveable properties mentioned and described in the second part of the first schedule hereto and the rates and taxes payable to the Local Authority therein mentioned in respect thereof are shown in that part of such schedule.

9. The immoveable properties mentioned and described in the third part of the first schedule hereto are residential buildings and country houses in the possession or occupation of the applicant or of members of his family and as such they yield no annual or other income.

10. There are no incumbrances held by secured or unsecured creditors enforceable against the applicant or the aforesaid immoveable and moveable properties, and beyond ordinary claims of tradesmen and others in respect of current household and other expenses, the applicant is not at present indebted to any person whomsoever.

11. A draft of the proposed instrument of settlement is submitted with this application.

The applicant therefore applies for permission to make a settlement of the lands, hereditaments and premises, jewellery and other moveable property mentioned and described in the foregoing application and the schedules thereto pursuant to the Bengal Settled Estates Act, 1904.

JOTINDRA MOHAN TAGORE.

I, Maharaja Bahadur Sir Jotindra Mohan Tagore, K.C.S.I., the applicant abovenamed, do declare that what is contained in the above written application is true to my knowledge except as to matters stated on information and belief, and that as to those matters I believe the same to be true.

RULES FOR THE RAIYATWARI SETTLEMENT OF THE SUNDARBANS TRACTS.

NOTIFICATION.

No. 3261T.—R.—The 19th September 1905.—By Notification No. 3103T.—R., dated the 4th November 1904, published in the *Calcutta Gazette* on the 9th idem, the rules in Sections II, III and IV of the Waste Lands Manual, 1898, have been declared under suspension until further orders, as regards waste lands in the Sundarbans and in the Saugor Islands. The following rules are laid down for the settlement of waste lands in those tracts, direct with cultivating raiyats, as an experimental measure.

2. The "waste lands" to which these rules apply include all lands ungranted and unoccupied at the disposal of Government, or those which, from any cause or under any circumstances whatsoever, revert to Government, in the Sundarbans of the 24-Parganas and Khulna, and which have not been declared either a reserved or a protected forest under the Forest Act, VII of 1878.

3. The Government reserves to itself the right of withholding the settlement of any land by special order made at any time before the settlement is finally made.

Rights in the lands which are reserved by Government.

4. Government retains its proprietary rights in the lands which may be settled.

5. The Government reserves to itself the right to all minerals on the lands which may be settled, together with such rights of way and other reasonable facilities as may be requisite for working, getting and carrying away such minerals.

6. Government reserves all rights of fishery, and the control of all channels and streams. It is not the intention of Government that any raiyat of an estate shall be prevented from catching fish for his own use in the enclosed water of any *khal* within the estate.

7. The land shall be subject to all existing rights of way and water and other easements, and to any exceptions and reservations which may be particularised in the lease.

8. A tow-path not less than 25 feet in width on each side of every navigable stream and channel shall ordinarily be reserved by Government for the use of the public.

9. Government reserves to itself the right to regulate the conditions as to the use of any lands which may be reserved for the common use of the villagers.

10. The land shall be subject to any cesses, such as road and public works cesses, or any other which may hereafter be imposed by law, in addition to the assessment to be paid.

11. Any land of any holding, which may at any time be required for a public purpose, may be taken up by Government free of cost, a deduction being made in the amount of assessment payable, proportionate to the area so taken up and compensation being paid for the value of any improvement or property thereon under the provisions of the law in force for the time being for the acquisition of land for public purposes.

Rights of the raiyat.

12. It is the intention of Government that settlements shall be made with resident cultivating raiyats, and to prevent the intervention of middlemen who will be merely rent collectors between Government and the actual cultivators. All lands that may be settled with such raiyats shall be heritable.

13. The raiyat will have the right to transfer his holding to one who is already or who becomes a resident and cultivating raiyat, and provided that the previous sanction of the Collector is obtained to the transfer and that the transferee's total holding in the estate does not thereby exceed 100 bighas.

14. A raiyat will be permitted to transfer a part of his holding, subject to the consent in writing of the Collector, which consent will ordinarily be given on the same conditions as in the case of the transfer of the whole holding (para. 13).

15. Exchange of lands between raiyats of the estate will ordinarily be permitted, but will be subject to the consent of the Collector in writing.

16. The right to sublet the lands of a holding either on produce or cash rents is not granted. The Government reserves to itself the right to resume any lands which may be sublet and to settle them direct with the actual cultivator.

It is not the intention of Government that this condition shall be worked harshly or indiscriminately, e.g., a widow or guardian of minors or temporarily incapacitated person would be permitted to sublet the lands of his holding. But the creation of a class of raiyats of large holdings with cultivators under them and permanently paying rents to them would not be allowed.

Duties of the raiyats.

17. Every raiyat must reside on the estate, or, if outside the estate, then within such distance of the estate as the Collector may approve. If he fails to do so, the Collector may require him to give up his lands or transfer them to a person who must be approved by the Collector.

It is not the intention of Government that this rule should be worked harshly, nor to prohibit temporary absences from the estate for the purpose of labour or service. It is only intended to prevent the growth of a class of absentee raiyats.

18. The raiyat must proceed to reclaim and cultivate his holding with due diligence. Government reserves the right to resume any lands which are not cultivated within a reasonable time and to settle them with other raiyats.

19. The position and extent of his allotment will be pointed out to the raiyat, and artificial boundary marks will be erected so far as may be necessary to indicate his holding, and these will have to be maintained by the raiyat. If they are not maintained, they may be repaired at his expense, and the cost of such repair will be recoverable as an arrear of rent.

20. The outer bunds of the estate so far as they are necessary will be maintained by Government. But the raiyat will be bound to maintain such interior bunds as he may be specifically required to maintain and which are mentioned in the terms of his lease. If he fails to properly maintain them, they may be repaired by Government, and the expense of such repair may be recovered from him as an arrear of rent.

Repayment of loan.

21. The raiyat must repay any loan advanced to him on the due dates.

22. The raiyat must pay his rent on the due dates. If he fails to do so, the rent will be recovered under the law in force for the time being for the recovery of rents.

Payment of rent.

Administration.

23. These settlements will be carried out under the orders of the Collector of the district in which the lands are situated, and shall be under his control. He will be assisted by such establishments as may be given to him for this purpose. He will be under the control of the Commissioner of the Division, and the Commissioner will be under the control of the Board of Revenue.

In carrying out these raiyatwari settlements, considerable discretion is allowed to the Collector, but the following points will demand his attention.

24. Waste lands which are to be settled under these rules should be blocked into estates of convenient size. The boundaries of these estates should be demarcated by natural and artificial marks where necessary, and should be surveyed and connected with a trijunction mark of the Revenue Survey and accurately shown in a skeleton trace of the Revenue Survey map of the district.

25. When the estate has been demarcated and surveyed, it will be given a name and number and entered in register 32.

26. A scheme and an estimate must then be prepared for the necessary protective bunds and for the requisite clearing of the jungle. It will have to be considered how far the clearing of the jungle must be done by Government, or how far it should be done by the raiyat who may take settlement.

27. An estimate of the number of holdings into which the estate may be divided must then be made. This estimate will depend on the average size of each holding and the number of homestead sites which will be required.

28. The estate must then be laid out by the selection of a suitable site or sites for the requisite number of homesteads, sites for tanks, for roads, for a margin of 25 feet for towing paths and roads along the edge of khals and water channels, a site or sites for a market, a reservation of some common land for general use of the raiyats near the homestead site, and possibly also some jungle or land for firewood and jungle produce and some grazing land.

For sanitary reasons, care should be taken not to allow any homestead site to abut on any water channel or reservoir from which drinking-water is likely to be taken.

29. It may be necessary that the cultivable land should be blocked out into convenient blocks of lands of a fairly uniform class. In any case care must be taken not to give all the best lands to the first comers. Lands will have a special value either from propinquity to the homesteads or from exceptional fertility or exceptional protection from floods, etc. The first

corners may naturally expect to receive a fair proportion of their holding from the best lands, but, if they are given large holdings entirely from the best lands, it will be very difficult to secure subsequent raiyats.

The sites and blocks should be surveyed after demarcation and plotted on the estate map.

80. Applications by *bona fide* cultivators for raiyatwari holdings shall be in writing and

Applications for holdings.

may be on plain paper, and may be presented to the Collector, or to the local officer in charge of the estate who shall forward them to the Collector with his recommendations. The applicant shall give full particulars regarding his present residence, and should state whether he desires to receive a loan, and, if so, how much and what security he can give.

31. As stated above in paragraph 29, care must be taken not to give all the best lands

Allotment of lands.

to the first comers. It will be best to give a raiyat only a reasonable proportion of his holding from each class of land into which the estate is blocked. In giving out the holdings, lands should be settled continuously without jungle and waste intervening between the holdings. It is not necessary that all the lands of a raiyat should be in one block, but only unnecessary subdivision of a raiyat's holding should be avoided. In the first settlement of raiyats, the raiyats themselves should be freely consulted as to their own preferences and so far as these are reasonable and not mutually incompatible, and so far as they comply with the rules laid down their wishes should be adopted.

32. The maximum area for an original grant should be 75 bighas and the minimum

Limit of area.

10 bighas. It will be well, however, not to give at first holdings in excess of what the applicant can be reasonably expected to fully cultivate in a few years. Comparatively well-to-do applicants who can afford to pay for hired labour may get larger holdings than those who are poor and may have to go away and labour for their subsistence for a large part of the year. Under the system of giving proportionately lands from the blocks of each class it will be quite possible from time to time to increase the holdings of raiyats who bring all their lands under cultivation and are able to cultivate more lands.

Every care must be taken not to encourage or assist the practice of subletting lands, by giving large holdings which the occupant cannot personally reclaim either by himself or by hired labour and which, if he cultivates them at all, he can only cultivate by subletting.

It must be remembered that it will be difficult in practice, as it would be a measure of harshness to oust a raiyat from a large part of his holding because he had only been able to cultivate a portion of it. A settlement, such as these rules provide for, is a matter of continual adjustment, and it will be much easier to add to a raiyat's holding than to take away from it. His holding may be diminished under the provision of rule 18, but this will be looked upon as a harsh measure. The original area allotted should be therefore strictly limited to the applicant's means of cultivation and probable requirements as measured by the number of working members of his family and his ability to employ hired labour. Ten bighas to a plough is probably a fair estimate. A 20-bigha allotment will probably ordinarily be amply sufficient as a first allotment.

33. Allotments must be sufficiently marked off and demarcated by natural or artificial

Demarcation of allotments.

boundary marks. After demarcation the allotments must be surveyed and plotted on the estate map. This survey should be sufficiently accurate to afford a record in case of boundary marks being removed and disputes arising. The estate map may be divided into block sheets or other convenient sheets, and rough working sheets may be used to first sketch in the allotments proposed and more accurate maps of the holdings as they are effectively occupied and cultivated and finally confirmed may afterwards be prepared.

Loans without interest may be given.

Loans.

34. Those loans may not exceed Rs. 200 in all to one family, and should not exceed—

					Rs.
in first	year	100
" second	"	80
" third	"	20

They may be given in cash or in grain. Great care must be taken in granting such loans which, for the most part, must at first at least be unsecured. A certain amount of safety will be obtained if a group of settlers take a loan on joint and separate liability, and this should be secured, if possible. But ordinarily all the security there will be for the loan will consist of the value of such improvement as the borrower may make to his holding and of the value of any homestead he may erect. It will be a safeguard if loans are advanced gradually as it is seen that the applicant is improving his holding and building his homestead. Settlers who expend labour in this way are also less likely to abscond and may therefore be expected to repay their loan in due course.

It is further to be considered that it is not desirable to encourage a too impecunious class of settlers, though this need not deter the Collector from assisting poor raiyats who have become poor by misfortune rather than through their own incapacity. Such may come to his notice in Government *khass* mehals.

35. An instalment bond will be taken for the repayment of these loans. Repayment should begin from the 4th year and should be completed by the end of the 10th year. Any instalment not paid on due date may be recovered, with interest from that date at 6½ per cent. per annum as an arrear of rent.

Repayment of loans.

36. Subject to such rates as may be from time to time fixed by the Board, rent shall be charged for lands settled under these rules for every standard bigha—

Rate of assessment.

From 1st to 3rd year.	4th year.	5th year.	6th year.	7th and 8th year.
Rent-free	2 to 4 annas.	4 to 8 annas.	8 to 1 rupee.	Rs. 1 to 1-8

After the 8th year the rent will be Rs. 1-8 to 2. Government reserves to itself the right to charge a special rate of rent for special land, viz., for land which may be cleared and on which crops have been grown, and also for land on which buildings may be erected for residential quarters.

37. A copy of the rules 4 to 22 will be given to every settler and will be hung up in the estate catcherry. They must be carefully explained to every applicant, who should be told that he can only obtain lands on these conditions and should be required to execute a *kabuliyat* agreeing to these terms.

Establishment for the management.

38. It will be necessary to have an efficient and responsible officer resident on or near the estate to carry out the following amongst other duties:—

Resident officer.

- (1) To carry out the works of reclamation and improvement, such as embankments, tanks, roads, jungle clearing, so far as it is done by Government. This may possibly be done by a separate works establishment.
- (2) Demarcate the reserved and public lands, and see that they are not encroached upon.
- (3) Inquire into the history of applicants who apply to him direct and submit recommendations to the Collector.
- (4) Receive and point out their allotments to the settlers.
- (5) Demarcate the allotments on the ground and survey and plot them on the map of the estate.
- (6) Keep up a record of the allotments made in a register which will show—
 - Serial number of holding.
 - Name of settler and father's name.
 - Name of village and thana from which he has come.
 - Date of giving possession of allotment.
 - Block and plot numbers.
 - Area of each plot.

(7) To watch the tenants and report if they leave the estate without notice. Reasonable absence to enable the raiyats to earn a living by work off the estate at times when they can do little to their own holdings need not be objected to.

(8) To recommend as to loans and pay out the same when they are paid by instalments.

(9) To watch the progress of clearance and cultivation and the building of homesteads generally, and more particularly in the case of those who have received or are receiving advances.

(10) Arrange for markets and supplies.

(11) Generally, to see that the wants of the community are supplied as far as possible and to protect their interests.

39. It will be probably necessary to give the officer in charge of the estate quarters and a catcherry, if not on each estate in a central situation for a group of two or more estates.

Quarters.

A small rest-house for inspecting officers will probably also be desirable.

IRRIGATION DEPARTMENT.

The 4th September 1905.

No. 22.—*Notification.*—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905:—

W. A. INGLIS,
Secy. to the Govt. of Bengal.

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz:—

- (1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
- (2) the river Hooghly, from Nadia to its junction with the river Mathabhangha;
- (3) the river Jalangi, from the Ganges to Nadia;
- (4) the river Bhairab, from the Ganges to Nadia;
- (5) the river Mathabhangha, from the Ganges to its junction with the Hooghly;
- (6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhangha rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows:—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements:—

Class I.—

- (a) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.
- (c) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

Class II.—

- (d) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

- (e) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

- (f) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged: provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself: provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M. and 5 P.M.

- (4) the river Bhairab, from the Ganges to Nadia ;
- (5) the river Matabhanga, from the Ganges to its junction with the Hooghly ;
- (6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

- (a) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches ; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.
- (c) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted ; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only ; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only ; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.
- (d) In the case of steamers, the tonnage as determined by clauses (a), (b) and (c) shall be reduced by one-half as an allowance for engine and cabin space.
- (e) In the case of a steamer that has been surveyed under Act VI of 1864, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

19. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st. Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghat or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghat without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item I of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (a) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(b) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(c) The person in charge of a vessel approved as in clause (b) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (a) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(b) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (a) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each car of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day.

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(b) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft, float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the bandalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggies in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 27 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

MARINE DEPARTMENT.

The 21st September 1905.

No. 94 Marine.—It is hereby notified that under section 9 of the Chittagong Port Commissioners Act, 1887, Mr. J. Stuart, Traffic Manager, Assam-Bengal Railway, is appointed to be a Commissioner of the Port of Chittagong, in the place of Mr. W. Chadwick, resigned.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 19th September 1905.

No. 93 Marine.—In exercise of the powers conferred on him by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and in supersession of the rules sanctioned under Notification No. 68 Marine, dated the 27th June 1905, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rules for regulating the grant to owners of motor vehicles of licenses to possess and transport petrol for use in such motor vehicles.

1. In these rules—
 - (a) "motor vehicle" includes all vehicles propelled by mechanical means on ordinary roads and motor boats and launches;
 - (b) "petrol" includes "other dangerous petroleum" used for the propulsion of motor vehicles.
2. (1) Licenses may be granted to the owners of motor vehicles—
 - (a) to possess petrol intended for use in motor vehicles;
 - (b) to transport petrol on motor vehicles for use in propelling such motor vehicles;
 - (c) to transport petrol by other means of conveyance by road, rail or water.
- (2) Such licenses for quantities not exceeding 40 gallons may be granted, in the town and suburbs of Calcutta, by the Commissioner or Deputy Commissioner of Police, and elsewhere by the District Magistrate or such other officer as the Local Government may from time to time, by order in writing, appoint. Licenses for quantities exceeding 40 gallons will be granted by the Local Government.
- (3) The licenses under rule 2 (1), clauses (a) and (b), shall be granted in the annexed Form II, and those under rule 2 (1), clause (c) in the annexed Form I.
3. The licenses under clauses (a) and (b) of rule 2 (1) shall be granted free of charge, and those under clause (c) of that rule for a fee of Rs. 5. The licenses shall remain in force for a period of one year, at the expiry of which they shall expire, but may be renewed.
4. Every license shall be subject to the following conditions, namely:—
 - (1) When not carried in a receptacle forming part of a motor vehicle the petrol shall not be kept, used or transported except in iron or steel vessels so substantially constructed as not to be liable, save by gross negligence or extraordinary accident, to be broken or become defective or insecure.
Every such vessel shall be so constructed and maintained that no leakage, whether of liquid or vapour, can take place therefrom.
 - (2) Every such vessel, when used for transporting or keeping petrol, shall have attached thereto a metallic or enamelled label in conspicuous characters, stating the description of the petrol with the addition of the words "highly inflammable" legibly and indelibly stamped or marked thereon, and with the addition of the name and address of the owner.
 - (3) Every such vessel shall have an air-space equal to one-tenth of its capacity to allow for expansion of the petrol.
 - (4) No such vessel shall contain more than four gallons.
 - (5) Before repairs are done to any such vessel, it shall, as far as practicable, be cleaned by the removal of all petrol and of all dangerous vapours derived from the same.
 - (6) The store-house or building in which the petrol is stored shall be well ventilated and constructed of unflammable materials. But any building having a capacity of not more than 40 gallons owned by the owner of a motor vehicle or a petty dealer may have its doors and windows constructed of wood.
 - (7) Where a store-house forms part of, or is attached to, another building, and the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the store-house, and no portion of such store-house shall be used as a dwelling or as a place where persons assemble.
A store-house shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.
 - (8) The amount of petrol which may be kept by the owner of a motor vehicle, whether or not upon motor vehicles, shall not exceed 60 gallons at any one time.

- (9) The amount of petrol which may be transported under a license granted under rule 2 (1), clause (c), shall not exceed 60 gallons.
- (10) The filling or replenishing of any vessel with petrol shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour arising from the petrol, and no fire or artificial light capable of igniting inflammable vapour shall be brought within dangerous proximity of the place where any vessel containing petrol is being kept.
- (11) In the case of all petrol kept or transported for the purpose of, or in connection with, any motor vehicle—
- (a) all due precautions shall be taken for the prevention of accidents by fire or explosion, and for the prevention of unauthorised persons from having access to any petrol kept or transported, and to the vessels containing, or intended to contain, or having actually contained the same; and
- (b) every person managing or employed on, or in connection with, any motor vehicle shall abstain from every act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing any such act.
- (12) The store-house shall be liable to inspection by any police officer not lower in rank than Inspector of Police, or by any other officer whom the Local Government may depute for that purpose.

5. The general rules for the possession and transport of dangerous petroleum in force in the province of Bengal for the time being shall, except so far as they are inconsistent with the foregoing rules, apply to petrol kept or transported for use in motor vehicles.

IRRIGATION DEPARTMENT.

The 4th September 1905.

No. 22.—Notification.—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905:—

W. A. INGLIS,
Secy. to the Govt. of Bengal.

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz.:—

- (1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
- (2) the river Hooghly, from Nadia to its junction with the river Mathabhangha;
- (3) the river Jalangi, from the Ganges to Nadia;
- (4) the river Bhairab, from the Ganges to Nadia;
- (5) the river Mathabhangha, from the Ganges to its junction with the Hooghly;
- (6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhangha rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows:—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats, barges and other square-built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements:—

Class I.—

- (a) the product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.
- (c) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

Class II.—

- (a) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.
- (b) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.
In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.
- (c) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged: provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself: provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 6 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M. and 5 P.M.

EXISTING RULES.

The following Rules having reference to the undermentioned navigable channels, viz. :—

- (1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
- (2) the river Hooghly, from Nadia to its junction with the river Matabhanga;
- (3) the river Jallanghi, from the Ganges to Nadia;
- (4) the river Bhairab, from the Ganges to Nadia;
- (5) the river Matabhanga, from the Ganges to its junction with the Hooghly;
- (6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively.

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.), and will have effect from and after the 1st September 1879.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

- (a) The product of half the length of the vessel from stem to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.
- (c) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.
- (d) In the case of steamers, the tonnage as determined by clauses (a), (b) and (c) shall be reduced by one-half as an allowance for engine and cabin space.
- (e) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

10. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st. Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghât or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghât without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item 1 of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (a) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(b) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(c) The person in charge of a vessel approved as in clause (b) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadin Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 15. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (a) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(b) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (a) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.
11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.
12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.
13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each car of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.
6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.
7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.
8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day.
9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.
14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.
15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.
16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.
17. Tickets and passes are not transferable.
18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(6) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the bundalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1890.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or jugs in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay to the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 27 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

22. No fleet of vessels or rafts lashed together and exceeding 150 feet in length, or carrying or floating timber exceeding in all twenty in number, shall pass into or through any of the Nuddea Rivers at one time or abreast.

23. No single vessel or raft carrying or floating a greater number than twelve timbers shall pass into, or out of, or through, any of the Nuddea Rivers. And no single vessel or raft carrying or floating more than six timbers shall pass into or through any of the aforesaid rivers between the 1st of December of any year and the 1st of July following.

5. All vessels which may be employed solely in conveying troops on military duty, or military stores, or which may be employed solely in work connected with the maintenance or improvement of the Nuddea Rivers, as well as boats used by Police Officers on actual duty, shall be exempted from paying tolls. This shall not be held to apply to Police Officers in transit from one district to another, unless for the purpose of making an arrest or for holding an investigation.

21. Any officer of Government or other person claiming exemption under Rule 5 shall be supplied by the measuring mohurir with a certificate in the form annexed (Appendix E IV), and shall fill up and return such form to the mohurir who shall thereupon grant a passenger ticket in form (E III). In case of doubt as to the good faith of any claim to exemption from toll, the measuring mohurir may detain the vessel for which exemption is claimed, and report the case for the orders of the Toll Collector.

25. Owners and agents of steamers who may desire to avoid the delay consequent on payment of toll on passing toll stations may give notice to the Board of Revenue of their desire and willingness to pay toll in Calcutta on demand and on depositing such amount as the Board of Revenue may determine they shall be furnished with a certificate which shall entitle the steamer or flat to pass any toll station without detention, the amount of toll due in account thereof being paid in Calcutta on demand, or deducted from the amount deposited with the Board of Revenue.

26. The Commander of any vessel or vessels obtaining the privilege mentioned above shall leave at the toll station a certificate of having passed the toll station. The certificate shall mention the date of passing. It will be attached as a voucher to the bill, which will be accounted for payment to the owners or agents of the vessel by the officer in Calcutta authorised to receive payment thereof.

IRRIGATION DEPARTMENT.

The 4th September 1905.

No. 22 — Notification.—It is hereby notified for general information that the Hon'ble the Lieutenant-Governor of Bengal proposes, under the provisions of Sections XI and XII of Act V (B.C.) of 1864, to pass the following Rules in supersession of those now in force on the Nadia Rivers, with effect from the 15th November 1905:—

W. A. INGLIS,
Secy. to the Govt. of Bengal.

PROPOSED RULES.

The rules shall apply to the undermentioned navigable channels, which are included under the designation "Nadia Rivers," viz:—

- (1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
- (2) the river Hooghly, from Nadia to its junction with the river Mathabhangu;
- (3) the river Jalangi, from the Ganges to Nadia;
- (4) the river Bhairab, from the Ganges to Nadia;
- (5) the river Mathabhangu, from the Ganges to its junction with the Hooghly;
- (6) such portions of the river Ganges as may be within five miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jalangi and the Mathabhangu rivers, respectively.

1. Every vessel entering, or making use of, the Nadia Rivers shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Lieutenant-Governor to collect tolls and officers to whom such persons are subordinate shall have authority to again measure a vessel, notwithstanding that it was measured before.

2. Vessels for the purposes of the determination of tonnage shall be divided into two classes, as follows:—

Class I.—To include all vessels of the usual native types of build.

Class II.—To include all steamers, flats, barges and other square built boats.

The tonnage of every vessel, whether laden or empty, shall, for the purposes of Act V of 1864 and of these rules, be determined by the following measurements:—

Class I.—

- (a) The product of one quarter the length of the vessel from stem to stern, measured outside and along the water-line, multiplied by the greatest interior breadth of the vessel, multiplied by the interior depth from the water-line to the bottom of the vessel, is to be taken as the number of maunds on which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches. The measurements of the breadth and depth are to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.
- (c) The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 25 maunds, rejecting any remainder of less than 25 maunds. In the case of vessels exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds, rejecting any remainder of less than 100 maunds.

Class II.—

- (d) For vessels of Class II the number of maunds obtained by the system of measurement prescribed for Class I shall be increased by one-half. For vessels of this class exceeding 5,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds.

- (e) In the case of steamers that have been surveyed under Act VI of 1884, the gross tonnage entered in the certificate shall be accepted as the tonnage of the steamer in lieu of measurement.

In all cases, the gross tonnage of steamers, whether as entered in the certificate, or as determined by measurement, shall be reduced by one-third as an allowance for engine-space.

- (f) For vessels of Class II which are furnished with reliable way-bills or manifests, the gross maundage of cargo shown by the manifest may, at the option of the employer of the vessel, be taken as the maundage on which toll shall be charged: provided that the amount of tollage shall in no case be less than the amount which would be payable in respect of the tonnage of the vessel when empty. In the case of steamers that have been surveyed under Act VI of 1884, tolls shall be charged on the cargo, as thus determined, in addition to the tolls chargeable on the net tonnage of the steamer itself: provided that firms or individuals who wish to make use of this rule must be approved by the Superintending Engineer of the South-Western Circle, and that such approval may be withdrawn for any just cause.

3. Measurements shall be made daily, as soon as possible, after a vessel arrives at the toll station. From the 1st April to the 30th September, measurements shall be made between the hours of 8 A.M. and 5 P.M., and tickets under Rule 5 shall be delivered between the hours of 7 A.M. and 6 P.M. From the 1st October to the 31st March, measurements shall be made between the hours of 7 A.M. and 4 P.M., and tickets under Rule 5 shall be delivered between the hours of 8 A.M. and 5 P.M.

EXISTING RULES.

The following Rules having reference to the undermentioned navigable channels, viz. :—

- (1) the river Bhagirathi, throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly;
- (2) the river Hooghly, from Nadia to its junction with the river Matabhanga;
- (3) the river Jallanghi, from the Ganges to Nadia;
- (4) the river Bhairab, from the Ganges to Nadia;
- (5) the river Matabhanga, from the Ganges to its junction with the Hooghly;
- (6) such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagirathi, the Bhairab, the Jallanghi, and the Matabhanga rivers, respectively.

have been passed this day by the Lieutenant-Governor of Bengal under the provisions of sections XI and XII of the "Canals Act, 1864" (No. V, B.L.C.), and will have effect from and after the 1st September 1879.

1. Except as may be herein provided, every vessel, before leaving any toll-station, shall pay tolls in accordance with Schedule A appended to these rules.

2. The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

- (a) The product of half the length of the vessel from stern to stern, measured along the water-line, multiplied by the interior greatest breadth of the vessel, multiplied by the depths from the water-line to the bottom of the vessel, is to be taken as the number of maunds upon which toll shall be levied.
- (b) The measurement of the length is to be made in feet, rejecting inches; and the measurement of the breadth and depth in feet and quarters of a foot, rejecting portions of less than a quarter of a foot.
- (c) In calculating the amount of toll to be levied, any fraction of 100 maunds less than 25 maunds is to be omitted; exceeding 25 and not exceeding 50 maunds is to be charged as 25 maunds only; exceeding 50 maunds and not exceeding 75 maunds is to be charged as 50 maunds only; and exceeding 75 maunds as 75 maunds only. Above 1,000 maunds no fraction of 100 maunds is to be charged.
- (d) In the case of steamers, the tonnage as determined by clauses (a), (b) and (c) shall be reduced by one-half as an allowance for engine and cabin space.
- (e) In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

19. Measurement shall be made between the hours of 6 A.M. and 6 P.M. from April 1st to September 30th, and between 7 A.M. and 5 P.M. from October 1st to March 31st. Tickets under Rule 12 shall be issued within the hours of 7 A.M. and 5 P.M. in summer and 8 A.M. and 5 P.M. in winter.

PROPOSED RULES.

4. Every cargo vessel, immediately after entering the toll station limits, shall proceed to the measuring ghat or to such other place as the Toll Collector may direct, and shall remain there until it has been measured in accordance with these rules. After measurement the vessel shall be removed from the measuring ghat without delay. In any case the person in charge of a vessel shall place it in such situation as he may be required to by the Toll Collector.

5. After measurement the measuring muharrir shall deliver to the person in charge of the vessel a pass in the form appended (Appendix E I) and shall inform such person verbally of the amount of toll payable by him. The person in charge of the vessel shall then take the pass to the Toll Collector's Office, and shall there pay the toll demanded. The Toll Collector shall then deliver to him a ticket in the form appended (Appendix E II), which shall bear the stamp of the Toll Collector's Office, and the signature of the Toll Collector, or in his absence, that of the Toll Daroga. The vessel shall then be entitled to proceed without further charge.

6. The person in charge of a vessel conveying passengers, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which are liable to be injured by detention, shall not be required to attend at the toll office, but shall pay toll to the measuring muharrir at the rate of six annas per oar, as provided in item 1 of the schedule of tolls hereto annexed; and the muharrir shall deliver to such person a ticket in the form appended (Appendix E III) which shall entitle the vessel to proceed without further charge.

7. (a) All tolls are payable on demand, and shall be paid as provided in Rules 5 and 6 before a vessel is allowed to proceed.

(b) Provided that vessels belonging to individuals or firms specially approved by the Superintending Engineer of the South-Western Circle, which approval may be withdrawn for any just cause, may be permitted to proceed without prepayment.

(c) The person in charge of a vessel approved as in clause (b) shall, on passing a toll station, stop and deliver at the station a form specifying such particulars regarding the vessel and its cargo as may be required by the Superintending Engineer, South-Western Circle.

8. The tickets mentioned in Rules 5 and 6 must be kept on board the vessel, and must be produced for inspection when demanded by any person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in Rule 2, and shall demand payment of toll; and unless and until toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of Section IX of the Act.

9. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to pass along any one of the Nadia Rivers, she may be permitted to pass along any other of the rivers without extra charge, except as provided in Rule 13. If the vessel be unable to pass along any of the rivers, the Toll Collector may at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

10. The payment of toll at one toll station shall entitle a vessel to travel once along the whole length of the river on which that toll station is situated, whether or no the cargo is changed during the journey, except as provided in Rule 13.

11. A vessel containing passengers, or used for fishing, shall pay toll only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty, or conveying the same passengers as on the first trip. The "day" to be reckoned from midnight to midnight.

12. A cargo vessel, laden or empty, which has paid toll at a toll station, shall not be required to again pay toll if returning to the same toll station on the same day reckoned as in Rule 11, except as provided in Rule 13.

13. A vessel which has been measured and paid toll accordingly shall, in case additional cargo is taken on board, or a part or whole of the original cargo is changed for a cargo on which a higher rate of toll is leviable, be subject to re-measurement whether on the same or another day, reckoned as in Rule 11, and to the payment of the amount by which the total toll leviable on the re-measurement exceeds that originally paid.

14. Passenger boats having on board cargo other than what is necessary for the use of the passengers for the trip and which measure 25 maunds and upwards shall be dealt with as cargo boats.

15. (a) Boats having on board only articles which are necessary for the use of the crew for the trip shall be dealt with as empty.

(b) Empty jars, tins, casks, bags, or other receptacles used, or to be used only for the purpose of holding cargo, shall not be considered as cargo.

16. No cargo shall be taken out of any boat, whether measured or unmeasured, within toll station limits without the permission of the Toll Collector.

17. Tickets and passes issued in respect of any vessel, boat, raft, or float are not transferable to any other vessel, boat, raft, or float.

18. (a) Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls.

EXISTING RULES.

10. Immediately after entering the chowkey limits, the manjee of every cargo vessel shall take such vessel to the measuring ghât, and such vessel shall remain there until it shall have been measured in accordance with the rules for measurement.

11. After measurement shall have been duly effected, the measuring mohurir shall deliver to the manjee of the vessel a pass in the form annexed (Appendix E I), and shall inform the manjee verbally of the amount of toll payable by him.

12. The manjee shall take the pass to the Toll Collector's Office, and shall then pay the amount of the toll demanded from him. He shall then receive a ticket in the form annexed (Appendix E II) which shall entitle him to pass the chowkey limits free of all further charge. This ticket shall bear the stamp of the Toll Collector's Office and the signature of the Toll Collector, or in his absence that of the Toll Darogah.

13. The manjee or other person in charge of a vessel conveying passengers only, or laden with horses, cattle, fowls, or other live-stock, or with fruit, fish, or other articles which may be likely to be spoiled by detention, shall not be required to attend at the Toll Office, but may pay toll to the mohurir in charge of the chowkey boat at the rate of four annas for each oar of the vessel, and shall receive from the mohurir a ticket in the form annexed (Appendix E III) which shall entitle such vessel to pass chowkey limits without further charge.

6. If a vessel on which toll has been duly paid be unable, by reason of the shallowness of the water, or of any other natural obstacle, to prosecute her voyage up the river, she may, provided she returns to the toll station without unloading or taking in cargo, be permitted to pass along the other river (if any) without extra charge. If the vessel be unable to pass along either river, the Toll Collector may, at his discretion, and after consideration of the circumstances of the case, refund the amount of toll which may have been paid on such vessel.

7. Every boat or vessel carrying passengers, or used for fishing, shall pay tolls only once in the same day: provided that no passenger vessel shall be allowed this privilege unless returning empty or conveying the same passengers as on the first trip. The word "day" in this and the following rule shall mean a day between sunrise and sunset, and shall not mean 24 hours.

8. An empty cargo vessel or boat leaving and returning empty to the station limits on the same day, having paid toll, shall not be required to pay toll a second time. A vessel leaving the chowkey limits laden, and paying toll accordingly, shall not be required to pay toll again if returning empty on the same day.

9. Boats or vessels which may have entered the Nadia Rivers unladen or partially laden, and paid toll accordingly, shall, if they receive on board any additional freight, be subject to re-measurement and to the payment of any additional amount of toll which may be leviable on account of the additional maundage.

14. Passenger boats having on board cargo other than what is necessary for the passengers for the trip, and which measure 25 maunds and upwards, shall be dealt with as cargo-boats.

15. Empty boats having on board articles which are only requisite for the subsistence of the crew for the trip shall be considered as empty.

16. No cargo shall be taken out of any boat, either measured or unmeasured, within the toll limits without the permission of the Toll Collector.

17. Tickets and passes are not transferable.

18. Passes collected at the chowkey boats shall be brought back into the Toll Office on the morning of the following day and counterfoiled.

PROPOSED RULES.

(6) In case the person in charge of a boat desires to have a duplicate of the ticket mentioned in Rule 5, in order to make over to the owner of the boat or cargo, or for any other legitimate purpose not constituting an evasion or breach of these rules, the Toll Collector shall issue a duplicate at the time the request is made, whether at the time of issue of the original ticket or subsequently.

19. Any vessel, raft float, or any number of vessels, rafts or floats fastened or connected together in any way, which, by reason of difficulty of proper control, or of excessive over-all length or breadth or depth, is of such a nature as, in the opinion of the Executive Engineer, Nadia Rivers Division, to be likely to cause unavoidable damage to the bandalling or other training or dredging works in the rivers, or to be likely to cause unavoidable obstruction to the traffic by grounding or sinking, is prohibited from passing into or along any of the channels comprised in the Nadia Rivers.

20. A vessel which has been detained under these rules or under Section IX of the Act may not be removed from the Nadia Rivers without the order of the Toll Collector until the toll due has been paid. During such detention the manji, owner or agent, must make arrangements for the safety of the vessel and cargo.

21. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Notification No. 261, dated the 21st July 1899.

22. The Supervisor may by written notice, to be posted at the Toll Offices, prohibit the dropping of anchors or the putting up of bamboos or luggies in any specified part of the channels comprising the Nadia Rivers or on the banks.

23. No person shall wilfully or negligently allow a vessel to sink in the channels comprising the Nadia Rivers without the permission of the Supervisor.

24. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor and his subordinates shall offer every assistance in removing the same.

25. When a sunken vessel has been recovered, the Supervisor shall cause notices to be posted at the Toll Offices, or other prominent places, calling on those concerned to pay the Toll Collector all toll which may be due, as well as the expenses incurred on the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, under the procedure prescribed in Section IX of the Act.

26. The purchaser of a vessel sold under the provisions of Section IX of the Act shall have the right to take it out of the channels comprising the Nadia Rivers on the day of purchase, or within such time as may be allowed by the Toll Collector, without payment of tolls.

27. When any laden vessel, which has sunk, has been recovered, or when any laden vessel has been seized under the provisions of the Act or of these rules, the Supervisor shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay.

28. If the Supervisor be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in Rule 27 shall be effected by a notice exhibited in his office, and by advertisement in at least two local newspapers.

29. All vessels, whether travelling or moored, in the channels comprising the Nadia Rivers, shall, between sunset and sunrise, carry a white light in a lantern on the fore-part of the vessel where it can be distinctly seen from all sides. All steam vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam vessel, whether in motion or moored, shall carry the lights prescribed above.

EXISTING RULES.

20. Any person who may have lost or mislaid his measurement ticket may apply for a duplicate. Such application shall be in writing, and shall set forth clearly the circumstances of the loss, and shall be verified by the applicant. The Toll Collector, if he be satisfied that no fraud has been intended, shall supply a duplicate on receipt of a fee of eight annas in the case of a passenger boat or empty boat, and one rupee in the case of a laden boat.

2. The above rule is subject to changes, dependent on season, which will always be previously notified by the Divisional Commissioner.

3. The steamer will be at the ghât at least one hour before the time fixed for starting, in order to allow for shipment of cargo.

4. The following table gives the passenger fares between the termini and intermediate halting places :—

Such notice shall request that early intimation may be sent if it is desired to renew the lease, and shall draw attention to the extra charge which will be incurred if the application is presented after the 31st March.

The preliminary application may be presented either at the Subdivisional or Sectional Canal office. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the zilladar in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

6. The zilladar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

The amin shall write out daily in the form provided for the purpose abstracts for each cultivator of the entries in the khasra relating to lands in his occupation, and shall deliver such abstracts to the representative for distribution.

9. On the 1st December of each year, or on any subsequent date, the Divisional Canal Officer may decline to proceed with a lease for a term of years, the application for which has not been fully signed by that date. Provided that the form of application shall have been tendered to the cultivators through their representative for signature after the adjustment of any matters in dispute with regard to classification or area of land not less than 15 days before the 1st December or subsequent date. Any provisional lease covering the same lands on which a supply of water may have been granted pending the completion of the lease for a term of years shall then become the substantive lease for the season and shall be put in force.

9A. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion as to the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply

on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules and shall at once supply water.

47. Before any lease other than a special lease for *datica* rice provided for in rule 19 is entered into, the Deputy Collector or other officer in charge of the Revenue Division shall select as representative of the cultivators a person or persons who must have a direct interest in the land covered by the lease. The selection shall be made with the consent of a majority of the cultivators having an interest in the lease and in consultation with the Subdivisional Canal Officer. The person or persons so selected shall continue as representative for the village, unless he or they resign the office, or unless the Deputy Collector or other officer in charge of the Revenue Division shall, for reasons recorded in writing, remove him or them from the office.

47A. The person or persons so selected are required to give assistance in respect of the following matters :—

- (1) To assist the amin while preparing the assessment papers.
- (2) To assist in procuring and to attest the signatures to applications for leases.
- (3) To receive and to distribute to the persons concerned the individual notices of amounts charged.
- (4) To attend and to assist at enquiries into complaints.
- (5) To give information to the Subdivisional Officer or to the Sectional Officer of any insufficiency in the supply of water or of any misuse of the water.
- (6) To give information to the zilladar with respect to alterations in the occupancy of lands under a lease for a term of years.
- (7) To assist the tahsildar in collecting the rates.

48. For such assistance the representative or representatives shall be entitled to the free irrigation of lands in his or in their own occupation which may lie within the lands covered by the lease, subject to a total limit of 3 per cent. of the area assessed.

The Deputy Collector or other officer in charge of the Revenue Division may, for reasons recorded in writing, disallow in whole or part such free irrigation, and may recover the rates which would otherwise have been charged, if the assistance required by rule 47A has not been rendered to the best of the ability of the representative or representatives.
